Meditations on the Sacred Heart Joseph McDonnell, 2017-10-28 Excerpt from Meditations on the Sacred Heart Commentary and Meditations on the Devotion of the First Fridays the Apostleship of Prayer the Holy Hour The Confraternity of the Holy Hour Pope Leo XIII And the Holy Hour The Apostleship Of Prayer and the Holy Hour About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [Meditations on the Sacred Heart](#) Joseph McDonnell, Rev Joseph McDonnell

Sj, 2015-08-05 THE following pages may naturally be divided into four parts two novenas of meditations on the Sacred Heart with special reference to the devotion of the First Fridays a novena of meditations on the kindred subject of the Apostleship of Prayer and a brief account of the devotional exercise of the Holy Hour with accompanying meditations This latter exercise is very intimately associated with the Apostleship of Prayer These constituent portions of the book were not all written at the same time nor was it my original intention to combine them into one This was an afterthought suggested by some persons who considered that the gathering together of these meditations in a single book would prove of use to many fervent clients of the Sacred Heart I hope this explanation may suffice for those who discover any want of unity or continuity of treatment in the meditations Indeed the division into three novenas is not without its own advantages Furthermore these twenty seven meditations together with the four devoted to the Holy Hour making thirty one in all supply sufficient matter for an entire Month of Meditations on the Sacred Heart The book may thus be used as a book of Meditations for the Month of June The Points for Self Examination given in connection with the first nine meditations as well as some of the matter of these meditations of the first series are taken largely at least in substance from the very excellent Latin work Sacerdos written many years ago by Father Petit S J a well known Belgian Jesuit May our Lord Himself vouchsafe to bless this effort however

small and unworthy to promote devotion to His most Sacred Heart Hours of Thought on Sacred Things James Martineau, 1877 **The Love of the Sacred Heart** St. Mechtilde, 2013-10 All lovers of the Sacred Heart were delighted to see in the year of grace 1920 the long wished for canonization of Blessed Margaret Mary Alacoque whom God raised up in recent centuries to revive the fire of devotion to the divine Heart of our Lord which had well nigh been extinguished by the frost and drought of the Jansenist heresy The devotion to the Sacred Heart is too often spoken of and thought of as a modern devotion and in one sense it is such The life work of St Margaret Mary has not only given that sweetest of devotions a much greater vogue and a deeper intensity throughout the world but it has even in our own times led to still further and wider developments such as the beautiful and providential practice whose world wide spread we owe to the blessing and encouragement of Pope Saint Pius X I mean the Enthronement of the Sacred Heart in the home which thank God is becoming yearly more popular in our own country But the present book will show that in another sense the devotion is by no means modern As will be seen the first part consists of copious translations from the marvellous mystical revelations of a lover of the Sacred Heart of a much earlier century the Benedictine nun St Mechtilde 1241 1298 whose enraptured utterances surpass in some respects those of her better known friend and disciple the great St Gertrude and whose significance as the type of mystic theology has been immortalized by Dante in his mighty epic It will not fail to be observed how extraordinarily similar a great deal of the inspired language and profound imagery of the Saint of the thirteenth century is to that of the one who was canonized last year although I am not aware that there is evidence of Margaret Mary having been a student of the works of her illustrious predecessor It is surely both significant and instructive that our divine Lord deigned to make known the mysteries and treasures of the unfathomable abyss of His divine Love in a manner so similar often identical to two of His chosen spouses at an interval of several centuries The pious translator of the following treatises however very truly remarks that in the revelations of the earlier of these Saints the mystic doctrines of the Sacred Heart are presented more especially for the guidance and edification of the chosen few especially of the inmates of the cloister called to the more hidden life On the other hand the cult of the Sacred Heart in these last three centuries has become and is becoming daily more and more the common property of all the children of the Church of the laity as well as of the clergy and the religious of the working man and woman as well as of the theologian and even of the little children as well as of Christians of mature years And that recent form of it to which I have alluded above the Enthronement in the home whether the palace or the cottage has further widened it to become the property and the privilege not merely of the individual soul but of the whole Christian family May every reader of these pages pray for her who in the midst of grave sickness and pain during her last illness compiled them out of her abounding love to the Sacred Heart of our Blessed Lord **The Week Sanctified by the Devotion to the Sacred Heart of Jesus - Scholar's Choice Edition** Desjardins E, 2015-02-19 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the
