Education Patricia Gándara, Gary Orfield, Catherine L. Horn, 2012-02-01 The dream of public higher education in America is to provide opportunity for many and to offer transformative help to American communities and the economy Expanding Opportunity in Higher Education explores the massive challenges facing California and the nation in realizing this goal during a time of enormous demographic change The immediate focus on California is particularly appropriate given the size of the state it educates one out of every nine students in the country and its checkered political record with respect to civil rights and educational inequities The book includes essays not only by academics looking at the state s educational system as a whole but also by those within the policy system who are trying to keep it going in difficult times The contributors show that the destiny of California and the nation rests on the courage of policymakers both within the universities and within the government to move aggressively to reclaim the hope of millions of students who can make enormous contributions to this society if only given the chance Capitalizing Knowledge Henry Etzkowitz, Andrew Webster, Peter Healey, 1998-01-01 Examines current trends toward increasing links between industry and academia and the resulting commercialization of universities as they seek to capitalize their research **The Academic Kitchen** Director and Assoc Professor Cirge Assoc Dean Graduate School Maresi Nerad, Maresi Nerad, 1999-01-01 Presents a social history of gender stratification at the University of California at Berkeley through a combination of organizational theory and biography **Embracing Race** Michele S. Moses, 2002 With clarity passion and creativity Michele Moses offers a new and promising lens for viewing the unsolved issues of race and education In this book Moses provides a comprehensive examination of four major race conscious educational policies bilingual education multicultural curricula affirmative action and remedial education She argues convincingly that such policies are critical to fostering self determination and personal autonomy in students who will otherwise be left with a deficient education Presenting a strong theoretically grounded case for race conscious educational policies this volume offers a new framework for examining the complex interaction between race education opportunities and justice Some of the important questions addressed in this volume include What must the educational system do to promote social justice for students of color and poor students What is required to help these students to develop self determination How will race conscious educational policies help to provide a fair education for all students **Preparing for College** William G. Tierney, Zoe B. Corwin, Julia E. Colyar, 2005-01-01 Analyzes and defines the parameters of effective college outreach programs
