But that is what it is to be a person. Thus although there could perhaps be two minds in one body, this would mean that there were two persons in one body, not that there were two minds in one person.

In these islands he has had great and acknowledged influence on Professor Donald MacKinnon. The volumes before us are instalments of a *magnum opus* which eventually will comprise seven volumes translated into English by a distinguished team.

Balthasar's thesis is that there is a most neglected value both in theology and life, which is yet essential if we are to attain to communion with God or any knowledge of him. This is Beauty. She is part of the eternal triad of Beauty, Truth and Goodness and will not allow herself to be separated from the other two; if she is banned, 'she takes them along with her in an act of mysterious vengeance' (I.19). 'We can be sure that whoever sneers at her name as if she were the ornament of a bourgeois past — whether he admits it or not — can no longer pray and soon will no longer be able to love' (I.18). A religion of Incarnation demands Beauty, it 'perfects the whole ontology and aesthetics of created Being' (I.29). Beauty is inextricably linked with Grace, Charis, which also means attractive charm.
