Looking Forward The George Bush Story:

The Fall of the House of Bush Craig Unger, 2007-11-13 The presidency of George W Bush has led to the worst foreign policy decision in the history of the United States the bloody unwinnable war in Iraq How did this happen Bush's fateful decision was rooted in events that began decades ago and until now this story has never been fully told From Craig Unger the author of the bestseller *House of Bush* *House of Saud* comes a comprehensive deeply sourced and chilling account of the secret relationship between neoconservative policy makers and the Christian Right and how they assaulted the most vital safeguards of America's constitutional democracy while pushing the country into the catastrophic quagmire in the Middle East that is getting worse day by day Among the powerful revelations in this book Why George W Bush ignored the sage advice of his father George H W Bush and took America into war How Bush was convinced he was doing God's will How Vice President Dick Cheney manipulated George W Bush disabled his enemies within the administration and relentlessly pressed for an attack on Iraq Which veteran government official with the assent of the president's father protested passionately that the Bush administration was making a catastrophic mistake and was ignored How information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into President Bush's State of the Union address in which he made the case for war with Iraq How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead America and start the war A seasoned award winning investigative reporter connected to many back channel political and intelligence sources Craig Unger knows how to get the big story and this one is his most explosive yet Through scores of interviews with figures in the Christian Right the neoconservative movement the Bush administration and sources close to the Bush family as well as intelligence agents in the CIA the Pentagon and Israel Unger shows how the Bush administration's certainty that it could bend history to its will has carried America into the disastrous war in Iraq dooming Bush's presidency to failure and costing America thousands of lives and trillions of dollars Far from ensuring our security the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East particularly in Iran Provocative timely and disturbing *The Fall of the House of Bush* stands as the most comprehensive and dramatic account of how and why George W Bush took America to war in Iraq **The Family** Kitty Kelley, 2004-09-14 From the First Lady of unauthorized tell all biography this is the first real inside look at the most powerful and secretive family in the world From Senator Prescott Bush's alcoholism to his son George Herbert Walker Bush's infidelities to George Walker Bush's religious conversion shady financial deals and military manipulations Kitty Kelley captures the portrait of a family that has whitewashed its own story almost out of existence *House of Bush, House of Saud* Craig Unger, 2004-03-19 Newsbreaking and controversial an award winning investigative journalist uncovers the thirty year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy business and national security *House of Bush House of Saud* begins with a politically explosive question How is it that two days after 9

11 when U S air traffic was tightly restricted 140 Saudis many immediate kin to Osama Bin Laden were permitted to leave the country without being questioned by U S intelligence The answer lies in a hidden relationship that began in the 1970s when the oil rich House of Saud began courting American politicians in a bid for military protection influence and investment opportunity With the Bush family the Saudis hit a gusher direct access to presidents Reagan George H W Bush and George W Bush To trace the amazing weave of Saud Bush connections Unger interviewed three former directors of the CIA top Saudi and Israeli intelligence officials and more than one hundred other sources His access to major players is unparalleled and often exclusive including executives at the Carlyle Group the giant investment firm where the House of Bush and the House of Saud each has a major stake Like Bob Woodward s *The Veil* Unger s *House of Bush House of Saud* features unprecedented reportage like Michael Moore s *Dude Where s My Country* Unger s book offers a political counter narrative to official explanations this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer and sets 9 11 the two Gulf Wars and the ongoing Middle East crisis in a new context What really happened when America s most powerful political family became seduced by its Saudi counterparts *George Bush* Judith T. Through the Maelstrom Boris Gorbachevsky, 2015-03-27 The monumental battles of World War II s Eastern Front Moscow Stalingrad Kursk are etched into the historical record But there is another hidden history of that war that has too often been ignored in official accounts Boris Gorbachevsky was a junior officer in the 31st Army who first saw front line duty as a rifleman in the 30th Army Through the Maelstrom recounts his three harrowing years on some of the war s grimmest but forgotten battlefields the campaign for Rzhev the bloody struggle to retake Belorussia and the bitter final fighting in East Prussia As he traces his experiences from his initial training through the maelstrom to final victory he provides one of the richest and most detailed memoirs of life and warfare on the Eastern Front Gorbachevsky s panoramic account takes us from infantry specialist school to the front lines to rear services areas and his whirlwind romances in wartime Moscow He recalls the shriek of Katiusha rockets flying overhead toward the enemy and the unforgettable howl of Stukas divebombing Soviet tanks And he conveys horrors of brutal fighting not recorded previously in English including his own participation in a human wave assault that decimated his regiment at Rzhev with piles of corpses growing the closer they got to the German trenches Gorbachevsky also records the sufferings of the starving citizens of Leningrad the savage execution of a Russian scout who turned in false information the killing of an innocent German trying to welcome the Soviet troops and a chilling campfire discussion by four Russian soldiers as they compared notes about the women they d raped His memoir brims with rich descriptions of daily army life the challenges of maintaining morale and relationships between soldiers It also includes candid exposé of the many problems the Red Army faced the influence of political officers the stubbornness of senior commanders

the attrition through desertions and the initial months of occupation in postwar Germany Through the Maelstrom features the swiftly moving narrative and rich dialogue associated with the grand style of great Russian literature Ultimately it provides a fitting and final testament to soldiers who fought and died in anonymity **Public Papers of the Presidents of the United States** United States. Family of Secrets Russ Baker, 2010-05-01 Shocking in its disclosures elegantly crafted and faultlessly measured in its judgments Roger Morris author of *Richard Milhous Nixon and Partners in Power* How did the deeply flawed George W Bush ascend to the highest office in the nation what forces abetted his rise and perhaps most important were those forces really vanquished by Obama's election Award winning investigative journalist Russ Baker gives us the answers in *Family of Secrets* a compelling and startling new take on the Bush dynasty and the shadowy elite that has quietly steered the American republic for the past half century and more Baker shows how this network of figures in intelligence the military oil and finance enabled and in turn benefited handsomely from the Bushes perch at the highest levels of government As Baker reveals this deeply entrenched elite remains in power regardless of who sits in the Oval Office *Family of Secrets* offers countless disclosures that challenge the conventional accounts of such central events as the JFK assassination and Watergate It includes an inside account of George W's cynical religious conversion and the untold real background to the disastrous response to Hurricane Katrina Baker's narrative is gripping sobering and deeply sourced It will change the way we understand not just the Bush years but a half century of postwar history and the present

With Honor Dale Van Atta, 2008-04-29 In 1968 at the peak of the Vietnam War centrist Congressman Melvin Laird R WI agreed to serve as Richard Nixon's secretary of defense It was not Laird knew a move likely to endear him to the American public but as he later said Nixon couldn't find anybody else who wanted the damn job For the next four years Laird deftly navigated the morass of the war he had inherited Lampooned as a missile head but decisive in crafting an exit strategy he doggedly pursued his program of Vietnamization initiating the withdrawal of U S military personnel and gradually ceding combat responsibilities to South Vietnam In fighting to bring the troops home faster pressing for more humane treatment of POWs and helping to end the draft Laird employed a powerful blend of disarming Midwestern candor and Washington savvy as he sought a high moral road bent on Nixon's oft stated and politically instrumental goal of peace with honor The first book ever to focus on Laird's legacy this authorized biography reveals his central and often unrecognized role in managing the crisis of national identity sparked by the Vietnam War and the challenges ethical and political that confronted him along the way Drawing on exclusive interviews with Laird Henry Kissinger Gerald Ford and numerous others author Dale Van Atta offers a sympathetic portrait of a man striving for open government in an atmosphere fraught with secrecy Van Atta illuminates the inner workings of high politics Laird's behind the scenes sparring with Kissinger over policy his decisions to ignore Nixon's wilder directives his formative impact on arms control and health care his key role in the selection of Ford for vice president his frustration with the country's abandonment of Vietnamization and in later years his unheeded warning to Donald Rumsfeld that it's a helluva

Interrogating the Visual Culture of Trumpism Grant Hamming, Natalie E. Phillips, 2024-08-26 Bringing together scholars from art history visual studies and related disciplines this edited volume asks why Trumpism looks the way it does and what that look means for American and global society Grouped into six categories the essays in this volume tackle some of the most perplexing and urgent aspects of the Trumpist visual project Two of the most striking aspects of that project are its use of novel commodity forms including the iconic red baseball caps as well as its embrace of social media Trump's outlandish persona and striking physicality have lent themselves to caricature both from his critics and perhaps more surprisingly his supporters That physicality as well as his movement's harkening back to a mostly imagined era of mid twentieth century prosperity has also brought gender and the body into sharp focus Perhaps second only to the aforementioned red hat is Trumpism's vigorous use of interventions into public space including traditional campaign signs as well as flags and other ad hoc visual and architectural materials Finally there were the events of January 6 2021 when many of Trumpism's most outré visual and cultural preoccupations exploded from the shadows onto television screens across the country Taken as a whole the essays in this book examine Trumpist visuality from the seemingly trivial to the starkly horrifying as well as offering a measured sense of the various resistances and responses that have characterized artistic responses to Trump from the beginning of his prominence The book will be of interest to scholars working in art history visual culture American studies and cultural and media studies President Bush's Trade Agenda United States.
