back to antiquity to propose a unified theory of revolution Revolution illuminates the stories of premodern rebellions from the ancient world as well as medieval European revolts and more recent events up to the Arab Spring of 2011 Arjomand categorizes revolutions in two groups ones that expand the existing body politic and power structure and ones that aim to erode but paradoxically augment their authority The revolutions of the past he tells us can shed light on the causes of those of the present and future as long as centralized states remain powerful there will be room for greater and perhaps forceful integration of the politically disenfranchised **Lord of the Four Quarters** Zizith,1966 **Psychotherapy and the**
