Lost Battalion Controversy And Casualties In The Battle Of Hue:

Lost Battalion of Tet Charles A Krohn, 2013-05-11 Published to commemorate the 40th anniversary of the Tet Offensive this new paperback edition brings back into print a book that became an essential source for a 2006 study of the battle by the U S Army s Center of Military History It takes a critical look at what went wrong in early 1968 during one of the first engagements of Tet when a U S infantry battalion was ordered to attack a large North Vietnamese force near Hue City without air or artillery support The tragic military foul up resulted in over 60 percent casualties for the 2d Battalion 12th Regiment 1st Cavalry Division when the soldiers were surrounded by the enemy and began running out of ammunition The bold decision by battalion commander Lt Col Richard Sweet to break out with his remaining soldiers under cover of darkness saved this encirclement from being a total disaster Author Charles Krohn the unit s intelligence officer at the time provides a much needed analysis of what took place and fills his account with details that have been confirmed as factual by other survivors Krohn examines the battalion s involvement in two other major attacks for lessons learned when vital systems break down lessons he says that are timeless and applicable anywhere This book is published in cooperation with the Association of the United States Army

The Lost Battalion of Tet Charles A. Krohn, 2008 Published to commemorate the 40th anniversary of the Tet Offensive this revised paperback edition of *The Lost Battalion Controversy and Casualties in the Battle of Hue* 1993 brings back into print a book that became an essential source for a 2006 study of the battle by the U S Army s Center of Military History It takes a critical look at what went wrong in early 1968 during one of the first engagements of Tet when a U S infantry battalion was ordered to attack a large North Vietnamese force near Hue City without air or artillery support Publisher s description

W. F. Matthews Travis Monday, 2004 The true story of a God and Country American

The Lost Battalion Charles Krohn, 1993-11-19 In 1968 in South Vietnam a U S infantry battalion was ordered to charge a fortified North Vietnamese Army force 200 yards away over an open field with no artillery or air support The defenders had every advantage The Americans started moving across the field just before noon every man a target By the time they reached the tree line at the other side of the open field nearly one half of the 400 man battalion was a casualty Nine long agonizing hours afterwards U S artillery units began support fire although the units remained desperately short of ammunition The entrapped men saw their fate death or captivity Help from headquarters was neither offered or available The following night the battalion commander decided to make a run for it It was a gamble with high stakes But the battalion did make it through enemy lines to a mountaintop where the NVA could not follow When the Lost Battalion finally escaped encirclement after nine hours with no artillery or air support and 30 hours of fighting against an enemy that outnumbered them three to one the tragic episode disappeared from official memory and relevant U S Army records as if nothing had happened Krohn tells the whole story and it tells it with the words of those present That some of the testimony comes from those responsible is remarkable

The Battle of Hue 1968 James H. Willbanks, 2021-11-25 In late January 1968 some 84

000 North Vietnamese and Viet Cong troops launched a country wide general offensive in South Vietnam The bitter fighting that raged in Hue for more than three weeks drew the attention of the world Hue was the ancient capital of Vietnam and as such had been previously avoided by both sides it had not seen any serious fighting prior to 1968 All that changed on the night of January 31 that year when four North Vietnamese battalions and supporting Viet Cong units simultaneously attacked and occupied both parts of the city straddling the Perfume River The Communist forces dug in and prepared to defend their hold on the city US Marines and South Vietnamese soldiers were ordered to clear the city supported by US Army artillery and troops A brutal urban battle ensued as combat raged from house to house and door to door Eventually the Marines and the South Vietnamese forces retook Hue but it was a bloody fight and resulted in large scale destruction of the city This illustrated volume details one of the longest and bloodiest battles of the Tet Offensive which led to a sea change in US policy in Vietnam

Military Honour and the Conduct of War Paul Robinson, 2006-07-28 This book analyses the influences of ideas of honour on the causes conduct and endings of wars from Ancient Greece through to the present day war in Iraq

Blitzkrieg to Desert Storm Robert M. Citino, 2022-05-25 When Germany launched its blitzkrieg invasion of France in 1940 it forever changed the way the world waged war Although the Wehrmacht ultimately succumbed to superior Allied firepower in a two front war its stunning operational achievement left a lasting impression on military commanders throughout the world even if their own operations were rarely executed as effectively Robert Citino

analyzes military campaigns from the second half of the twentieth century to further demonstrate the difficulty of achieving decisive results at the operational level. Offering detailed operational analyses of actual campaigns, Citino describes how UN forces in Korea enjoyed technological and air superiority but found the enemy unbeatable, provides analyses of Israeli operational victories in successive wars until the Arab states finally grasped the realities of operational level warfare in 1973, and tells how the Vietnam debacle continued to shape U.S. doctrine in surprising ways. Looking beyond major power conflicts, he also reveals the lessons of India's blitzkrieg-like drive into Pakistan in 1971 and of the senseless bloodletting of the Iran-Iraq War. Citino especially considers the evolution of U.S. doctrine and assesses the success of Desert Storm in dismantling an entrenched defending force with virtually no friendly casualties. He also provides one of the first scholarly analyses of Operation Iraqi Freedom, showing that its plan was curiously divorced from the realities of military history, grounded instead on nebulous theories about expected enemy behavior. Throughout, Citino points to the importance of mobility, especially mobilized armor, in modern operational warfare and assesses the respective roles of firepower, training, doctrine, and command and control mechanisms. Brimming with new insights, Citino's study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare. Blitzkrieg to Desert Storm provides that grounding as it addresses the future of operational level warfare in the post 9/11 era.

The Tet Offensive

James H. Willbanks, 2008. In the Tet Offensive of 1968, Viet Cong and North Vietnamese forces launched a massive countrywide attack on South Vietnam. Though the Communists failed to achieve their tactical and operational objectives, James Willbanks claims Hanoi won a strategic victory. The offensive proved that America's progress was grossly overstated and caused many Americans and key presidential advisors to question the wisdom of prolonging combat. Willbanks also maintains that the Communists laid siege to a Marine combat base two weeks prior to the Tet Offensive, known as the Battle of Khe Sanh, to distract the United States. It is his belief that these two events are intimately linked, and in his concise and compelling history, he presents an engaging portrait of the conflicts and singles out key problems of interpretation. Willbanks divides his study into six sections, beginning with a historical overview of the events leading up to the offensive, the attack itself, and the consequent battles of Saigon, Hue, and Khe Sanh. He continues with a critical assessment of the main themes and issues surrounding the offensive and concludes with excerpts from American and Vietnamese documents, maps, and chronologies, an annotated list of resources, and a short encyclopedia of key people, places, and events. An experienced military

historian and scholar of the Vietnam War Willbanks has written a unique critical reference and guide that enlarges the debate surrounding this important turning point in America's longest war **Air University Library Index to Military Periodicals**, 1995 **A Companion to the Vietnam War** Marilyn B. Young, Robert Buzzanco, 2008-04-15 A Companion to the Vietnam War contains twenty four definitive essays on America's longest and most divisive foreign conflict It represents the best current scholarship on this controversial and influential episode in modern American history Highlights issues of nationalism culture gender and race Covers the breadth of Vietnam War history including American war policies the Vietnamese perspective the antiwar movement and the American home front Surveys and evaluates the best scholarship on every important era and topic Includes a select bibliography to guide further research **Supplement to Vietnam 1964-1973** Elwood L. White, 2005 This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium It is primarily intended as a listing of scholarly works completed since 1990 on the Vietnam War although some works prior to that date are included The bibliography is selected from the holdings on that war housed in the McDermott library United States Air Force Academy and includes books journal articles government publications and technical reports Newspaper articles works of fiction collections of poetry and most personal narratives are not included The Clark Special Collections Branch of the library has extensive primary source materials and artifacts focused on American POW experiences in Southeast Asia Those items are also excluded from this bibliography since they are limited to in house use only Individuals wanting information about that collection should contact the Special Collections Curator and Academy Archivist *Storms over the Mekong* William Pace Head, 2020-04-30 From the defeat of the Army of the Republic of Vietnam at Ap Bac to the battles of the Ia Drang Valley Khe Sanh and more Storms over the Mekong offers a reassessment of key turning points in the Vietnam War Award winning historian William P Head not only reexamines these pivotal battles but also provides a new interpretation on the course of the war in Southeast Asia In considering Operation Rolling Thunder for example which Head dubs as too much rolling and not enough thunder readers will grasp the full scope of the campaign from specifically targeted bridges in North Vietnam to the challenges of measuring success or failure the domestic political situation and how over time Head argues slowly but surely Rolling Thunder dug itself into a hole Likewise Head shows how the battles for Saigon and Hue during the Tet Offensive of 1968 were tactical defeats for the Communist forces with as many as 40 000 killed and no real gains At the same time however Tet made it clear to many in Washington that victory in Vietnam would require a still greater commitment of men and resources far more than the American people were willing to invest Storms over the Mekong is a blow by blow account of the key military events to be sure But beyond that it is also a measured reconsideration of the battles and moments that Americans thought they already knew adding up to a new history of the Vietnam War **Heroes** Mike Larson, 2008-09 Even today my thoughts of Vietnam are positive I have incredibly fond memories of spending one year in that theater with some incredible people My feelings

about the Vietnam War mesh exactly with what Michael Norman wrote in his book *These Good Men Friendships Forged From War* even though Norman's heroes served in the U S Marine Corps and mine served in the First Air Cav In recalling his tour in Vietnam Norman wrote I did not pick these men They were delivered by fate and the U S Marine Corps But I know them in a way I know no other men I have never since given anyone such trust They were willing to guard something more precious than my life They would have carried my reputation the memory of me It was part of the bargain we all made the reason we were so willing to die for one another
