Nunn,2008-10-31 Islands as well as entire continents are reputed to have disappeared in many parts of the world Yet there is little information on this subject concerning its largest ocean the Pacific Over the years geologists have amassed data that point to the undeniable fact of islands having disappeared in the Pacific a phenomenon that the oral traditions of many groups of Pacific Islanders also highlight There are even a few instances where fragments of Pacific continents have disappeared becoming hidden from view rather than being submerged In this scientifically rigorous yet readily comprehensible account of the fascinating subject of vanished islands and hidden continents in the Pacific the author ranges far and wide from explanations of the region s ancient history to the meanings of island myths Using both original and up to date information he shows that there is real value in bringing together myths and the geological understanding of land movements A description of the Pacific Basin and the ups and downs of the land within its vast ocean is followed by chapters explaining how long before humans arrived in this part of the world islands and continents that no longer exist were once present A succinct account is given of human settlement of the region and the establishment of cultural contexts for the observation of occasional catastrophic earth surface changes and their encryption in folklore The author also addresses the persistent myths of a sunken continent in the Pacific which became widespread after European arrival and were subsequently incorporated into new age and pseudoscience explanations of our planet and its inhabitants Finally he presents original data and research on island disappearances witnessed by humans recorded in oral and written traditions and judged by geoscience to be authentic Examples are drawn from throughout the Pacific showing that not only have islands collapsed and even vanished within the past few hundred years but that they are also liable to do so in the future *The Revised, Indexed and Complete Book of the Anunnaki-Ulema Final Warning to Humanity, the End of Time, and the Return of the Anunnaki In 2022* Germain Lumiere/ Maximillien de Lafayette,2010-04-23 The Revised Indexed and Complete Book of the Anunnaki Ulema Final Warning to Humanity the End of Time and the Return of the Anunnaki in 2022 The Grays creation of a hybrid human race and the final clash between extraterrestrials and Earth Detailed descriptions of 1 When and how the Anunnaki will return to Earth 2 Areas countries of their landing 3 What their agenda is 4 What they are going to do to the human race 5 Who is going to be saved and or killed 6 Their spaceships and stargates Ba abs over major cities 7 The 2022 major arrival of the Anunnaki to Earth and their clash with humans 8 Holographic pictures showing the entire sequence of the Roswell crash 9 Inside the Dulce Base 10 The Anunnaki s classification of Humanity into three groups regarding their level of contamination 11 United States Protocol on the Extraterrestrial visit to Earth in 2022 12 United States Government publications on extraterrestrial invasions Sacred Symbols of Mu James Churchward,2017-12-29 Mu was a lost continent in the Pacific Ocean which was destroyed in a global cataclysm tens of thousands of years ago Mu was the original home of mankind and all subsequent civilizations descended from it The Pacific
