Lost And Found A Second Generation Response To The Holocaust:

From Things Lost Shirli Gilbert, 2017-05-15 An intimate history of the Holocaust that casts new light on our understanding of victimhood and survival In May 1933 a young man named Rudolf Schwab fled Nazi Germany His departure allegedly came at the insistence of a close friend who later joined the Party Schwab eventually arrived in South Africa one of the few countries left where Jews could seek refuge and years later resumed a relationship in letters with the Nazi who in many ways saved his life *From Things Lost* Forgotten Letters and the Legacy of the Holocaust is a story of displacement survival and an unlikely friendship in the wake of the Holocaust via an extraordinary collection of letters discovered in a forgotten trunk Only a handful of extended Schwab family members were alive in the war's aftermath Dispersed across five continents their lives mirrored those of countless refugees who landed in the most unlikely places Over years in exile a web of communication became an alternative world for these refugees a place where they could remember what they had lost and rebuild their identities anew Among the cast of characters that historian Shirli Gilbert came to know through the letters one name that appeared again and again was Karl Kipfer He was someone with whom Rudolf clearly got on exceedingly well there was lots of joking familiarity and sentimental reminiscing That was Grandpa's best friend growing up Rudolf's grandson explained to Gilbert He was a Nazi and was the one who encouraged Rudolf to leave Germany He also later helped him to recover the family's property Gilbert takes readers on a journey through a family's personal history wherein we learn about a cynical Karl who attempts to make amends for his undemocratic past and a version of Rudolf who spends hours aloof at his Johannesburg writing desk dressed in his Sunday finest holding together the fragile threads of his existence The Schwab family's story brings us closer to grasping the complex choices and motivations that even in extreme situations or perhaps because of them make us human In a world of devastation the letters in *From Things Lost* act as a surrogate for the gravestones that did not exist and funerals that were never held Readers of personal accounts of the Holocaust will be swept away by this intimate story

The Central and the Peripheral Jakub Lipski,Joanna Malicka,Paweł Schreiber,2014-09-26 Representing reality in terms of secure familiar centres and dangerous lesser known peripheries is one of the most elementary human cognitive instincts However we live in a world where this established division is becoming more and more problematic One person s periphery can be another s centre and

many simple geographies of the world and of the mind clearly separating the known from the unknown have become obsolete How can one reconcile this complexity with the fact that human thinking cannot escape the centre periphery dichotomy How is it possible to find one's way in a world in which peripheries become centres and centres turn into peripheries The chapters of this book try to determine how the problem of centres and peripheries has been dealt with in the domains of literature and culture The contributors focus on different aspects of the issue from travel writing through attempts at mapping the self to finding central and peripheral territories in narrative itself

The Israeli Mind Alon Gratch, 2015-09-01 Israelis are bold and visionary passionate and generous But they can also be grandiose and self absorbed Emerging from the depths of Jewish history and the drama of the Zionist rebellion against it they have a deeply conflicted identity They are willing to sacrifice themselves for the collective but also to sacrifice that very collective for a higher and likely unattainable ideal Resolving these internal conflicts and coming to terms with the trauma of the Holocaust are imperative to Israel s survival as a nation and to the stability of the world Alon Gratch a clinical psychologist whose family has lived in Israel for generations is uniquely positioned to confront these issues Like the Israeli psyche that Gratch details *The Israeli Mind* is both intimate and universal Intelligent and forthright compassionate but sometimes maddening it is an utterly compelling read Drawing on a broad cultural and historical canvas and weaving in the author s personal and professional experience *The Israeli Mind* presents a provocative first hand portrait of the Israeli national character

Building a City Sheila E. Jelen, Jeffrey Saks, Wendy Zierler, 2023-08-15 The fiction of Nobel Laureate Shmuel Yosef Agnon is the foundation of the array of scholarly essays as seen through the career of Alan Mintz visionary scholar and professor of

Jewish literature at the Jewish Theological Seminary of America Mintz introduced Agnon's posthumously published *Umeloah A City in Its Fullness* a series of linked stories set in the 17th century and focused on Agnon's hometown Buczacz a town in what is currently western Ukraine to an English reading audience and argued that Agnon's unique treatment of Buczacz in *A City in its Fullness* navigating the sometimes tenuous boundary of the modernist and the mythical was a full throated self conscious literary response to the Holocaust This volume is an extension of a memorial dedicated to Mintz's memory who died suddenly in 2017 which combines selections of Alan's work from the beginning middle and end of his career with autobiographical tributes from older and younger scholars alike The essays dealing with Agnon and Buczacz remember the career of Alan Mintz and his contribution to the world of Jewish studies and within the world of Jewish communal life
