Popular Series Fiction for K-6 Readers Rebecca L. Thomas, Catherine Barr, 2004. Because of their popularity, books in series are great vehicles for fostering literacy among all types of readers who are almost always adamant about reading every title in the series in series order. Yet traditional information sources on children's and YA literature include very little about series fiction, so librarians often have difficulty managing this literature. This guide will be a rich resource and time saver for librarians who work with children. It introduces users to the best and most popular fiction series of today covering more than 1,000 series with over 10,000 titles appropriate for elementary readers. Annotations also indicate series and titles accepted by some of the popular electronic reading programs e.g. Accelerated Reading, Reading First.
