

The book cover features a detailed illustration of a library aisle. On the left, a tall bookshelf is filled with books. The floor is a black and white checkered tile. In the distance, a bright light source creates a lens flare effect. The title 'THE LOST LIBRARY' is printed in large, white, serif capital letters at the top. The subtitle 'The Autobiography of a Culture' is in a smaller, white, cursive script. The author's name 'WALTER MEHRING' is at the bottom in white, serif capital letters. A small signature 'Curtis' is visible in the bottom right corner of the illustration.

Paradise Anthony Heilbut,2024-06-04 A brilliant look at the writers artists scientists movie directors and scholars ranging from Bertolt Brecht to Albert Einstein Hannah Arendt Thomas Mann and Fritz Lang who fled Hitler s Germany and how they changed the very fabric of American culture In a new postscript Heilbut draws attention to the recent changes in reputation and image that have shaped the reception of the German exiles This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1983 with a paperback in 1997

Samuel Roth, Infamous Modernist Jay A. Gertzman,2013-04-01 Samuel Roth is known to most literary scholars as a bold literary pirate for issuing unauthorized editions of modernist sensations including Ulysses and Lady Chatterley s Lover In the absence of an international copyright agreement and because works deemed obscene could not be copyrighted what he did was not illegal But it did violate the protocols of mutual fair dealing between publishers and authors Those publications provoked an unprecedented international protest of writers publishers and intellectuals who eventually vilified Roth on two continents Roth was a man with an uncanny ability to recognize good contemporary writing and make it accessible to popular audiences Ultimately his dedication to the publication of these works broke down many of the censorship laws of the time though he suffered greatly for his efforts His story portrays a struggle with literary censorship in the mid twentieth century while providing insights into how modernism was marketed in America **Genre and Extravagance in the Novel** Jed

Rasula,2021 Examines the form of the novel capaciously defined and across its history exploring the interplay of conformity and experimentation in classic and outlier examples of the genre with a focus on Joseph Conrad Henry James and Virginia Woolf *The European Jews, Patriotism and the Liberal State, 1789-1939* David Aberbach,2013 The fragility of the liberal democratic state after 1789 is illustrated in the history of the European Jews from the French Revolution to the Holocaust Emancipation and hope of emancipation amongst the European Jewish population created a plethora of Jewish identities and forms of patriotism This book takes the original approach of studying European Jewish patriotism as a whole with particular attention given to creative literature Despite their growing awareness of racial genocidal hatred most European Jews between 1789 and 1939 tended to be patriotic toward the countries of their citizenship an attitude reflected in the literature of the time Yet the common assumption among emancipated Jews that anti Semitism would fade in a world governed by reason proved false For millions of European Jews the infinite possibilities they associated with emancipation came to

nothing The Jewish experience exposed many of the weaknesses and failings of the liberal multicultural state and demonstrated that its survival cannot be taken for granted but is dependent on vigilance and struggle By focusing on Jewish patriotism from 1789 1939 this book explores the nature of the liberal state how it can fail and the conditions needed for its survival

The Newton Papers Sarah Dry, 2014-04-11 When Isaac Newton died in 1727 without a will he left behind a wealth of papers that when examined gave his followers and his family a deep sense of unease Some of what they contained was wildly heretical and alchemically obsessed hinting at a Newton altogether stranger and less palatable than the one enshrined in Westminster Abbey as the paragon of English rationality These manuscripts had the potential to undermine not merely Newton's reputation but that of the scientific method he embodied They were immediately suppressed as unfit to be printed and aside from brief troubling glimpses spread across centuries the papers would remain hidden from sight for more than seven generations In The Newton Papers Sarah Dry illuminates the tangled history of these private writings over the course of nearly three hundred years from the long span of Newton's own life into the present day The writings on subjects ranging from secret alchemical formulas to impassioned rejections of the Holy Trinity would eventually come to light as they moved through the hands of relatives collectors and scholars The story of their disappearance dispersal and rediscovery is populated by a diverse cast of characters who pursued and possessed the papers from economist John Maynard Keynes to controversial Jewish Biblical scholar Abraham Yahuda Dry's captivating narrative moves between these varied personalities depicting how as they chased the image of Newton through the thickets of his various obsessions these men became obsessed themselves with the allure of defining the true Newton Dry skillfully accounts for the ways with which Newton's pursuers have approached his papers over centuries Ultimately The Newton Papers shows how Newton has been made and re made throughout history by those seeking to reconcile the cosmic contradictions of an extraordinarily complex man

The Routledge Handbook of Information History Toni Weller, Alistair Black, Bonnie Mak, Laura Skouvig, 2025-07-02 The Routledge Handbook of Information History offers a definitive inclusive and far reaching study of how information practices have influenced and have been influenced by society politics culture and technology over millennia Information is often considered a defining characteristic of modern society but it is far from a modern phenomenon In the last decades historians have started to ask new questions about how information was understood in the past suggesting that it has a history which is long complex and multifaceted This influential volume is the first large scale collection to use the term Information History as its titular focus situating information within the historiography of the field The book showcases a diverse assembly of over forty international contributors who explore information practices from antiquity to the contemporary world with geographical coverage ranging across Europe Africa Asia as well as North and South America Including overview chapters alongside a wide range of in depth empirical studies this ground breaking collection will appeal to scholars and students across the arts humanities and social sciences offering readers unique insights into how historical practices have influenced

the understanding and role of information in our modern world Chapter 28 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license

Escape from Vichy Eric T. Jennings, 2018-03-09 Early in World War II thousands of refugees traveled from France to Vichy controlled Martinique en route to safer shores in North Central and South America While awaiting transfer the exiles formed influential ties with one another and with local black dissidents As Eric T Jennings shows what began as expulsion became a kind of rescue

A Quiet American Andy Marino, 2000-11-13 Andy Marino's *A Quiet American* is an effort to examine the life of a genuine American hero whose political and cultural influence remain largely unacknowledged The story of Varian Fry called the real Rick of Casablanca is perhaps one of the most unknown yet extraordinary sagas of World War II This penetrating biography follows Varian Fry through his adult life from his beginnings in the 1930s as a Harvard graduate and political journalist to his arrival in Marseille in 1940 where he managed to spirit away thousands of Europe's cultural elite by falsifying passports creating new identities and always resorting to subterfuge The list of those saved includes Hannah Arendt Andre Breton Franz Werfel and his wife Alma Mahler Heinrich Mann Marc Chagall Jacques Lipchitz Andre Masson and Max Ernst among others

Critical Theory for Library and Information Science Gloria J. Leckie, Lisa M. Given, John E. Buschman, 2010-07-26 This text provides an overview of major critical theorists from across disciplines including the humanities social sciences and education that discusses the importance of these critical perspectives for the advancement of LIS research and scholarship The practical application of library and information science is based upon 75 years of critical theory and thought Therefore it is essential for students and faculty in LIS to be familiar with the work of a wide range of critical theorists The aim of *Critical Theory for Library and Information Science: Exploring the Social from Across the Disciplines* is to provide a comprehensive introduction to the critical theorists important to the LIS audience and to give insights into how such theory can be incorporated into actual LIS research and practice This book consists of chapters on individual critical theorists ranging from Aglietta to Habermas to Spivak written by an international group of library and information science scholars Each chapter provides an overview of the theoretical stance and contributions of the theorist as well as relevant critical commentary This book will be particularly valuable as a reference text of core readings for those pursuing doctoral or masters level degrees in LIS

The Oxford Handbook of the History of the Book in Early Modern England Adam Smyth, 2023 How were books in early modern England made circulated sold stored read marked altered preserved and destroyed The *Oxford Handbook to the History of the Book in Early Modern England* provides a stimulating account of the very newest work in the field and an exploration of how new thinking might develop Written by scholars working at the cutting edge of the subject from the UK and North America the volume combines lucidity scholarly expertise intellectual precision and an imaginative structure that will enable contributors to show why the history of the book matters This volume analyses in a lively manner the nature and role of the book in early modern England and also considers

critically how we can talk about the history of book

Literacy Skills as Local Intangible Capital Sofia

Kotilainen, 2016-09-15 This book studies the grey area of the success story of rural lending libraries in the Nordic countries through the activities of people's libraries in one area of Central Finland. The study explores the influence of social, cultural, geographical and economic phenomena such as the spread of revivalist movements on the reading habits of the local population and reveals interesting reasons why the establishment of elementary schools and popular libraries and the growth of functional literacy did not automatically increase the informational capital of the common people of remote regions or lead to their social advancement. This study represents a methodological experiment in describing the life history of a people's library. The combination of collective biographical and transnational comparative methods with rarely utilized original sources in this study is innovative and has not been used before in Finnish historical research on functional literacy and popular libraries. The advantage of the comparison is that it reveals the attitudes to libraries that were characteristic of each of the cultures involved. For the people of the Finnish countryside in the late nineteenth century, libraries represented a way of acquiring new information that was still strange and unwelcome. The distribution of immaterial capital was extremely uneven with regard to age, gender and social rank. In the earlier Finnish research, has not very often been analysed how the communal status of the peasant reader and his or her personal networks in the local community affected the quality of his or her reading habits. This book shows that the location of the library in its local community and on the other hand the status and position of its customers in their networks had a great significance on the use of the library and thus to the improvement of reading skills.

Information History - An Introduction

Toni Weller, 2014-01-23 This is a pioneering introduction to the emergent field of information history. It explores how the contemporary values and concerns of our own information society have helped lead to a reconsideration of our history and of what constitutes our historical understanding of information in the twenty-first century. In *Information History*, Toni Weller examines the historiography of information and asks how the key schools of thought have explored the concept in terms of its social, technological, economic and cultural understandings. Based on personal experiences, the author also proposes some practical applications of information history in research and university teaching, offering some suggestions as to how the field may develop based on its growth during the last decade. A ground-breaking introduction to the field of Information History. Takes an interdisciplinary approach embracing both historical and information science research and ideology. Explores the relevance of Information History to contemporary society.

Transmitting Jewish History

Yosef Hayim Yerushalmi, Sylvie Anne Goldberg, 2021-11-08 This series of interviews brings together exceptional material on Yosef Hayim Yerushalmi's personal and intellectual journey, true reflection on the rupture and transmission of the fabric of history and of Jewish being in today's world. This work also attests to the astonishing breakthrough of the issues of Jewish history in general history.

Before the Public Library Mark Towsey, Kyle B. Roberts, 2017-10-23 Before the Public Library explores the emergence of community based lending libraries in the Atlantic World before the advent of the Public Library movement in the mid nineteenth century Essays by eighteen scholars from a range of disciplines seek to place for the first time community libraries within an Atlantic context over a two century period Taking a comparative approach this volume shows that community libraries played an important and largely unrecognized role in shaping Atlantic social networks political and religious movements scientific and geographic knowledge and economic enterprise Libraries had a distinct role to play in shaping modern identities through the acquisition and circulation of specific kinds of texts the fostering of sociability and the building of community based institutions

Historical Dictionary of Librarianship Mary Ellen Quinn, 2014-05-08 Although the history of librarianship as an organized profession dates only as far back as the mid nineteenth century the history of libraries is much older and people have been engaged in pursuits that we recognize as librarianship for many thousands of years This book traces librarianship from its origins in ancient times through its development in response to the need to control the flood of information in the modern world to the profound transformations brought about by the new technologies of the late twentieth and early twenty first centuries The Historical Dictionary of Librarianship focuses on librarianship as a modern organized profession emphasizing the period beginning in the mid nineteenth century Author Mary Ellen Quinn relates the history of this profession through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities libraries around the world and notable organizations and associations This book is an excellent access point for students researchers and anyone wanting to know more about librarianship
