Never Been Kissed:

And Never Been Kissed Aurand Harris, 1978 *Never Been Kissed* Cathy East Dubowski, 1999-04-07 Not that kind of kiss The bell ringing kind Where the world stands still if only for a moment And you never want to quit Josie had missed it in high school where she was considered a loser But when her job as a newspaper reporter gives her the chance to relive her senior year as Prom Queen this time Josie jumps at the chance Wouldn't you High school is as stupid as ever and twice as much fun Best of all the boy of Josie's dreams is a man And she's ready to show him she's a woman Even if it means showing hundreds of others at the same time The romantic story of the year now a hit movie starring Drew Barrymore Michael Vartan and David Arquette **Mirror, Mirror** Kara Powell, Kendall Payne, 2010-06-01 How teenage girls can combat the world's

definition of self image through a biblical understanding of who they are If there is a teenage girl who feels comfortable with her body and appearance the authors have yet to meet her This book helps explain where that dissatisfaction comes from from media like MTV magazines and advertisements It then gives girls a healthy biblical perspective on physical appearance concluding that the only real way for girls to experience lasting acceptance of their bodies is to look at how God has created them and how he intends for them to love others and themselves Through their own vulnerability and personal stories the authors help girls realize they are not the only ones who feel so poorly about themselves This revolutionary book is written more like a conversation than a lecture and presents the topics and the biblical passages about self image in new and fresh ways Advertising Language Keiko Tanaka, 2005-07-05 Keiko Tanaka offers an analysis of the linguistic devices that are

used in advertisements looking at the stratagems which advertisers employ to gain and retain the attention of their audience Using relevance theory as a framework she sets out its key aspects and applies them to the language of written advertising in Britain and Japan Particular emphasis is placed on covert communication puns and metaphors and the book contains a unique chapter on images of women in Japanese advertising It is fully illustrated throughout with recent contrasting advertisements drawn from the two countries The book provides a compelling analysis of the language of advertising and an exploration of Relevance Theory that will be of interest to scholars in many fields *Elder Abuse* United States.
