Planet Medicine From Stoneage Shamanism:

Planet Medicine Richard Grossinger, 1990 *Planet Medicine: Origins, Revised Edition* Richard Grossinger, 2013-03-26
Planet Medicine is a major work by an anthropologist who looks at medicine in a broad context In this edition additions to this classic text include a section on Reiki a comparison of types of palpation used in healing updates on craniosacral therapy and a means of understanding how different alternative medicines actually work Illustrated throughout this is the standard on the history philosophy and anthropology of this subject *Planet Medicine* Richard Grossinger, 2001-01-31 Planet Medicine is a major work by an anthropologist who looks at medicine in a broad context In this edition additions to this classic text include a section on Reiki a comparison of types of palpation used in healing updates on craniosacral therapy and a means of understanding how different alternative medicines actually work Illustrated throughout this is the standard on the history philosophy and anthropology of this subject *The Antipodes of the Mind* Benny Shanon, 2002 This is a study of the phenomenology of the special state of mind induced by Ayahuasca a plant based Amazonian psychotropic brew The author s research is based both on extensive firsthand experiences with Ayahuasca and on interviews conducted with a large number of informants *Alchemical Psychology* Thom F. Cavalli, 2002-03-04 Alchemical practices have been reborn in our contemporary world under the rubric of Jungianism transpersonal psychology or depth psychology But in *Alchemical Psychology* Thom F Cavalli Ph D takes us directly to the source and on a wonderful adventure into the true nature of our hearts and minds In a book that sparkles with verve life and practicality Dr Cavalli explains how alchemy was one of humankind s earliest efforts to transform the nature of consciousness What little known or underground arts did alchemists practice in pursuit of self transformation and how can they enrich us today Using the same practices that he employs with patients Dr Cavalli offers readers a plethora of personal exercises that among other things enables them to type themselves according to ancient alchemical identifiers of nature and personality He then provides practices that can help free them from the grip of familiar problems and foster true personal growth Beautifully illustrated with medieval prints from the alchemical tradition *Alchemical Psychology* gives readers both a richer understanding of their own natures and of the traditions on which many of our modern therapies are based **Critical Reflections on the Paranormal** Michael F. Stoeber, Hugo Anthony Meynell, 1996-01-01 Collection of essays that clarifies and evaluates the various aspects of paranormal phenomena including telepathy psychokinesis trance mediumship near death experiences and past life memories **The Night Sky, Updated and Expanded Edition** Richard Grossinger, 2014-09-30 Ever since Homo sapiens first looked up at the stars we as a species have been looking for meaning in the mysteries of the night sky Over the millennia as our knowledge science and technology developed the stories we told ourselves about the universe and our place in it developed as well In *The Night Sky* Richard Grossinger traces those developments covering multiple aspects of humanity s complex relationship to the cosmos Covering not only astronomy but also cosmology cosmogony astrology and science fiction he offers us a revelatory look at the

firmament through his own telescope fitted with an anthropological lens Throughout his explorations Grossinger continually reflects on the deeper meaning of our changing concepts about the universe and creation offering insight into how each new discovery causes us to redefine the values moralities and aesthetics by which we live He also calls into question the self aggrandizing notion that humanity can and will conquer all and injects our strident confidence in science with a healthy dose of humility and wonder Filled with poetic observation and profound questions *The Night Sky* is a brilliant reflection of humanity's relationship with the cosmos a relationship fed by longing doubt and awe

The Healing Power of Spirituality J. Harold Ellens, 2009-12-30 This three volume set addresses how the role of spirituality and its constructive expressions in various religions and outside of formal religion enhances human personality and experience Theologian and acclaimed scholar J Harold Ellens now offers a breakthrough work on the positive impact of faith In *The Healing Power of Spirituality and Religion* an extraordinary group of scholars discuss the latest scientific research into the connection between belief and psychological and physical well being Each volume of *The Healing Power of Spirituality* focuses on a specific aspect of the scientific exploration of faith and well being volume one examines the healing power of personal spiritualities like I Ching and Transcendentalism volume two looks at the subject in the context of Christianity Judaism and other world faiths and volume three explores the psychodynamics of healing spirituality and religion including the role of biochemical and chemical reactions in heightening psychospiritual apperception

Debating Biology Gillian Bendelow, Lynda Birke, Simon Williams, 2005-07-28 Relations between the biological and social sciences have been hotly contested and debated over the years The uses and abuses of biology not least to legitimate or naturalize social inequalities and to limit freedoms have rightly been condemned All too often however the style of debate has been reductionist and ultimately unfruitful As we enter an age in which ultr Darwinian forms of explanation gather momentum and the bio tech revolution threatens a Brave New World of possibilities there is urgent need to re open the dialogue and rethink these issues in more productive ways *Debating Biology* takes a fresh look at the relationship between biology and society as it is played out in the arena of health and medicine Bringing together contributions from both biologists and sociologists the book is divided into five themed sections *Theorising Biology* draws on a range of critical perspectives to discuss the case or bringing back the biological into sociology *Structuring Biology* focuses on the interplay between biological and social factors in the patterning of health and illness *Embodying Biology* examines the relationship between the lived body and the biological body *Technologizing Biology* takes up the multiple relations between biology science and technology *Reclaiming Biology* looks at the broader ethical and political agendas Written in an accessible and engaging style this timely volume will appeal to a wide audience within and beyond the social sciences including students lecturers and researchers in health and related domains
