

Platos Apology Of Socrates

Plato

Platos Apology Of Socrates:

Plato's Apology of Socrates Paul Allen Miller, Charles Platter, 2012-11-13 The significance of Plato's Apology of Socrates is impossible to overestimate. An account of the famous trial of Socrates in 399 b.c. it appeals to historians, philosophers, political scientists, classicists, and literary critics. It is also essential reading for students of ancient Greek. This new commentary on Plato's canonical work is designed to accommodate the needs of students in intermediate level Greek classes where they typically encounter the Apology for the first time. Paul Allen Miller and Charles Platter, two highly respected classicists and veteran instructors, present the Apology in its traditional thirty-three chapter structure. They amplify the text with running commentary and glosses of unfamiliar words at the bottom of each page, brief chapter introductions to relevant philosophical, historical, and rhetorical issues, and a separate series of thought-provoking essays, one on each chapter. The essays can serve as bases for class discussions or as starting points for paper topics or general reflection. By integrating background material into the text at regular intervals rather than front-loading it in a lengthy initial overview or burying it in back of the book, endnotes, the authors offer students a rich encounter with the text. Their commentary incorporates the latest research on both the trial of Socrates and Plato's version of it, and it engages major philosophical issues from a contemporary perspective. This book is not only a much-needed aid for students of Greek; it is also the basis of a complete course on the Apology. Apology Plato, 2013-12-18 The Apology is Plato's version of the speech given by Socrates as he defended himself in 399 BC against the charges of corrupting the young and by not believing in the gods in whom the city believes, but in other daimonia that are novel. Apology here has its earlier meaning, now usually expressed by the word *apologia*, of speaking in defense of a cause or of one's beliefs or actions. The Apology is divided into three parts. The first part is Socrates' own defense of himself and includes the most famous parts of the text, namely his recounting of the Oracle at Delphi and his cross-examination of Meletus. The second part is the verdict, and the third part is the sentencing. Plato's Apology of Socrates S.R. Slings, 2018-07-17 There have been many recent studies on the Apology. This book differs from them in that it attempts a synthesis of philosophical and literary approaches. A great deal of attention is paid to the philosophical and religious views that are present, often implicitly, in the text; they are much closer to the philosophy of Plato's main works than is usually assumed. But the Apology is also analysed as a rhetorical text; its close relationship with fourth-century rhetorical theory and practice is highlighted. The analyses of the various parts of the speech are followed by a detailed line-by-line commentary. The work was started by E. de Strycker S.J. after his death it was revised and completed by S.R. Slings. **Socrates in the Apology** C. D. C. Reeve, 1989-01-01 Reeve's book is an excellent companion to Plato's Apology and a valuable discussion of many of the main issues that arise in the early dialogues. Reeve is an extremely careful reader of texts, and his familiarity with the legal and cultural background of Socrates' trial allows him to correct many common misunderstandings of that event. In addition, he integrates his reading of the Apology with a sophisticated discussion of Socrates' philosophy. The writing is clear and succinct.

and the research is informed by a thorough acquaintance with the secondary literature Reeve's book will be accessible to any serious undergraduate but it is also a work that will have to be taken into account by every scholar doing advanced research on Socrates Richard Kraut Northwestern University

The Apology of Socrates Plato, 2021-01-08 The Apology of Socrates was written by Plato In fact it is a defensive speech of Socrates that he said in a court noted down by Plato The main subject of the speech is a problem of the evil Socrates insists that neither death nor death sentence is evil We shouldn't be afraid of the death because we don't know anything about it Socrates proved that the death shouldn't be taken as the evil with the following dilemma the death is either a peace or a transit from this life to the next Both can't be called evil Consequently the death shouldn't be treated as evil Apology of Socrates Plato, 1912 Apology, Crito, and Phaedo of Socrates Plato, 2013-01-22 Apology Crito and Phaedo of Socrates is a work by Plato now brought to you in this new edition of the timeless classic Socrates Plato, 1903 Apology Plato, 2016-06-05 The Apology is Plato's version of the speech given by Socrates as he defended himself in 399 BC against the charges of corrupting the young and by not believing in the gods in whom the city believes but in other daimonia that are novel Apology here has its earlier meaning now usually expressed by the word apologia of speaking in defense of a cause or of one's beliefs or actions The general term apology in context to literature defends a world from attack opposite of satire which attacks the world Apology is often ranked one of Plato's finest works The dialogue which depicts the death of Socrates is among the four through which Plato details the philosopher's final days along with Euthyphro Phaedo and Crito

Apology (Annotated) Plato, 2015-10-19 In what relation the Apology of Plato stands to the real defence of Socrates there are no means of determining It certainly agrees in tone and character with the description of Xenophon who says in the Memorabilia that Socrates might have been acquitted if in any moderate degree he would have conciliated the favour of the dicasts and who informs us in another passage on the testimony of Hermogenes the friend of Socrates that he had no wish to live and that the divine sign refused to allow him to prepare a defence and also that Socrates himself declared this to be unnecessary on the ground that all his life long he had been preparing against that hour
