Russ Girsberger,2006-10-18 The performance librarian is the person responsible for managing maintaining and organizing the resources of a performance library This personnel can now benefit from A Manual for the Performance Library a guide for organizing and operating a library of music performance materials Music for performance has different needs than music for study It must be easy to read and understand and it must be formatted so as not to impede the musician s efforts to interpret the notes into musical sound This book outlines step by step the ways of acquiring processing cataloging and preparing music for performance While focusing primarily on music for large ensembles like orchestra and chorus author Russ Girsberger also includes concepts that apply to wind jazz and chamber ensembles The material is logically organized detailing information on purchasing or renting music cataloging and processing scores numbering marking binding and shelving parts and preparing and distributing the music for rehearsal or performance Additional duties such as describing necessary information on preparing concert programs and audition lists

and caring for and preserving the library's holdings are also covered. The manual concludes with a glossary, an annotated bibliography, and an appendix which features sample forms for cataloging and circulating the library's materials.

The Music Performance Library Russ Girsberger, Laurie Lake, 2011-07-01. Meredith Music Resource. The music performance library is the heart of any musical ensemble, supplying music to performers and information to an entire organization. This text contains valuable information on this important topic for all musicians, including music directors, conductors, student librarians, community volunteers, professional performance librarians, and performers. This essential resource provides step-by-step directions on the librarian's responsibilities, including how to locate and choose editions, purchase and rent music, catalog new works, store and preserve music, prepare music for performance, mark bowings, correct errata, prepare manuscripts, and programs, distribute and collect parts, and communicate efficiently.

A Guide to Library Research in Music Pauline Shaw Bayne, Edward Komara, 2020-02-20. A Guide to Library Research in Music introduces students to the process and techniques for researching and writing about music. It provides examples of different types of writing, offers a thorough introduction to music literature, describes various information searching methods, and library-based organizational systems, and explores the wide array of music resources. This second edition discusses the latest innovations in library catalog searching, new matters in digital technology, and the expansion in musical genres for library research. The book's organization allows for three independent tracks of study. Part 1 treats essentials of the research process, explaining starting point resources such as library catalogs, dictionaries, and bibliographies. It addresses scholarly documentation, the use of style manuals, and basics of copyright. Part 2 develops skills and strategies for library and Internet-based research, describing database structures and library catalogs, subject searching in catalogs and journal indexes, keyword searching techniques, related record searching, and citation databases, and the use of experts and thematic catalogs. Part 3 discusses the organization of a music library, emphasizing score collections, books, and journals in music literature and music teaching publications.

Music Library and Research Skills Jane Gottlieb, 2017. Concise and engaging, this text covers a wide range of reference sources for research in all genres of music. Through this practical introduction to the key concepts of music research, students will develop a firm understanding of the tools used to gather data, including what types of sources exist, how they are arranged, and how they may best be used to do research.
