Engaging Children and Youth in Africa Mwenda Ntarangwi, Guy Massart, 2015-07-03 Representing research from east central west and southern Africa Engaging Children and Youth in Africa provides a well balanced analysis of on the ground data with methodological and phenomenological issues that abound in much of research in Africa today With an introduction that charts out some of the most critical approaches in African centred research on children and youth contributors to this volume give the reader a glimpse of the product of engaged research that places children and youth at the centre of analysis The authors follow recent studies that have insisted on seeing African childhood and youth beyond constraining Western notions of vulnerability or innocence to capture the ways in which recent advances in technology the intensification of global processes and continued weakening of the nation state have not only contributed to new ways of being children and youth but how they have also provided a new lens through which to study social change

Researching Children's Popular Culture Claudia Mitchell, Jacqueline Reid-Walsh, 2005-06-29 The place of childhood in popular culture is one that invites new readings both on childhood itself but also on approaches to studying childhood Discussing different methods of researching children's popular culture they argue that the interplay of the age of the players the status of their popular culture the transience of the objects and indeed the ephemerality and long lastingness of childhood all contribute to what could be regarded as a particularized space for childhood studies and one that challenges many of the conventions of doing research involving children

Context and Narrative in Photography Maria Short, Sri-Kartini Leet, Elisavet Kalpaxi, 2020-08-15 However

beautiful or technically dazzling your photographs might be if they don't tell a story convey an idea or make your viewer stop and think they are unlikely to make a lasting impression Context and Narrative in Photography introduces practical methods to help you plan develop and present meaningful communicative images With dozens of examples from some of the world's most thought provoking photographers this is a beautiful introduction to a fascinating aspect of photography Beginning with an exploration of different narrative techniques you'll be guided through selecting and developing a compelling concept for your project and how it might be conveyed either through a single image or a series of photographs You'll also learn ways to incorporate signs symbols and text into your work and how to present the finished piece to best reach your audience New to this edition are extended projects additional exercises and discussion questions expanded case studies around 25% of the images and an expanded Chapter 6 on integrating text into photographic projects
