Shorn Of Our Masks:

Masks and Demons Kenneth Macgowan, Herman Rosse, 1923 **The Great Feast of Language in Love's Labour's Lost** William C. Carroll, 2015-03-08 This book contends that in Love's Labour's Lost Shakespeare sought to discover the ways in which the imagination uses and abuses language The author's critical reading shows that the characters are endowed with a wide variety of rhetorical disguises Each assumes that his verbal and social point of view is correct and the limitations and virtues of each viewpoint are explored as the drama unfolds In an elegant examination of theme and style Professor Carroll heightens the reader's awareness of Shakespeare's marvellously inventive use of language The author analyzes the different kinds of style the characters' attitudes toward language the play's theatrical modes the frequent metamorphoses and the debates The term debate justified by Shakespeare's use of the medieval conflictus relates to both theme and structure The author finds that the conflicting theories about the proper relation of language and imagination are resolved stylistically and thematically only in the final Debate between Spring and Winter where the playwright reasserts the nature and value of good art Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Structure and Performance of Euripides' Helen* C. W. Marshall, 2014-12-04 Using Euripides play Helen as the main point of reference C W Marshall's detailed study expands our understanding of Athenian tragedy and provides new interpretations of how Euripides created meaning in performance Marshall focuses on dramatic structure to show how assumptions held by the ancient audience shaped meaning in Helen and to demonstrate how Euripides play draws extensively on the satyr play Proteus which was part of Aeschylus Oresteia Structure is presented not as a theoretical abstraction but as a crucial component of the experience of performance working with music the chorus and the other plays in the tetralogy Euripides Andromeda in particular is shown to have resonances with Helen not previously described Arguing that the role of the director is key Marshall shows that the choices that a director can make about role doubling gestures blocking humour and masks play a crucial part in forming the meaning of Helen **The Year's Best Science Fiction: Twenty-Third Annual Collection** Gardner Dozois, 2006-07-11 In the heart of the new millennium worlds beyond our imagination have opened up blurring the line between life and art Embracing the challenges and possibilities of cyberspace genetics the universe and beyond the world of science fiction has become a porthole into the realities of tomorrow In The Year's Best Science Fiction Twenty third Annual Collection our very best SF authors explore ideas of a new world with such compelling stories as Beyond the Aquila Rift Critically acclaimed author Alastair Reynolds takes readers to the edge of the universe where no voyager has dared to travel before or so we think
