Simone Harry A Love Story:

Simone & Harry: A Love Story J. S. Underhill, 2004-09-01 What if you awoke with someone else's soul in you? You remember being with them spending the night making love. You remember their body, face, their way of talking, and the residue of all that is somehow here inside you, yet his body is gone. What if you awoke in the body of this woman you spent the night with and had no memories, no identity, you can call your own, no connection at all to who you used to be? Though you are a blank slate, there remains a feeling you are someone else. You are not this woman whose eyes you are looking through at this beautiful face in the bathroom mirror; you are someone else. But who? You have no words or references to describe this to yourself. How do you get your body and identity back, assuming you ever really realize you lost it? Will you melt into the pool of her and not even know it? Or will she help you find the missing you? *Cancer: A Love Story* Dave Faber, 2014-11-18 Dave Faber and Robert McGehee were meant to be together. Less than two years after their first date, they were married. They ate out together, went to movies, and did everything else a loving couple does. They even decided to train together for the Houston Marathon in 2006. Like every couple, they expected to face hard times, but neither was prepared for Robert's diagnosis of esophageal cancer. But just like everything else, this was a fight they would wage together. After learning what he was up against, Robert suggested to Dave that he keep friends and family informed about their battle against the disease. This account draws on that correspondence and includes intimate details of their battle that may have otherwise been lost. Dave stands by Robert's side through surgery, chemotherapy, radiation, and physical therapy. Throughout his illness, their intimacy and love for each other grows. Whether you're suffering from a serious disease or illness, or caring for someone who is, Dave and Robert's love story and spiritual journey will inspire you to keep your faith in each other and in the world around you, even through the most difficult times. **The Complete Book of 1910s Broadway Musicals** Dan Dietz, 2021-05-26 The 1910s shaped the future of the American musical. While many shows of the decade were imports of European operettas, and even original Broadway musicals were influenced by continental productions, the musicals of the 1910s found their own American voice. In *The Complete Book of 1910s Broadway Musicals*, Dan Dietz covers all 312 musicals that opened on Broadway during this decade. Among the shows discussed are *The Balkan Princess*, *The Kiss Waltz*, *Naughty Marietta*, *The Firefly*, *Very Good Eddie*, *Leave It to Jane*, *Watch Your Step*, *See America First*, and *La La Lucille*. Dietz places each musical in its historical context, including the women's suffrage movement and the decade's defining historical event, World War I. Each entry features the following: Plot summary, Cast members, Creative team (including writers, lyricists, composers, directors, choreographers, and producers), Opening and closing dates, Number of performances, Critical commentary, Musical numbers, and the performers who introduced the songs. Numerous appendixes include a chronology, discography, filmography, Gilbert and Sullivan productions, Princess Theatre musicals, musicals with World War I themes, and published scripts, making this book a comprehensive and significant resource. *The Complete Book of 1910s Broadway Musicals* will captivate and inform scholars.
