Lottery Your Dream Ticket:

Lottery! Louise Krakower, 1995 This legendary book second only to the Bible in sales in Italy for centuries contains a simple method for turning dream images into personalized numbers to play in the lottery Dell updates the original text for a contemporary American audience using the age old material as well as modern entries Nightmares in Dreamland Tony Pellegrino, 2016-10-14 The book consists of what appears to be fifty two rather bizarre dreams but in reality it is just one nightmare In his dream he can be literally anything from a person to an inanimate object He feels he never has control of his destiny and he is always in the midst of controversy or worse His only escape from dreamland is to wake up and to put his sleepy experience behind him He imagines he is being consoled by imaginary dream counselors Are these people who visit him real or just fragments of his imagination The reader will find the answer to this question at the conclusion of the book
