

Louis Xiii Louis Xiv

A. Lloyd Moote

Louis Xiii Louis Xiv:

The life and times of Louis xiv George Payne R. James,1838 **Louis the Fourteenth, and the Court of France in the Seventeenth Century** Miss Pardoe (Julia),1847 *Louis XIV.* John S. C. Abbott,2014-07-08 Marriage of Louis XIII Louis XIII of France married Anne of Austria on the 25th of November 1615 The marriage ceremony was performed with great splendor in the Cathedral of Bordeaux The bride was exceedingly beautiful tall and of exquisite proportions She possessed the whitest and most delicate hand that ever made an imperious gesture Her eyes were of matchless beauty easily dilated and of extraordinary transparency Her small and ruddy mouth looked like an opening rose bud Long and silky hair of a lovely shade of auburn gave to the face it surrounded the sparkling complexion of a blonde and the animation of a brunette

Louis XIII, the Just A. Lloyd Moote,1991-08-08 In this fascinating biography A Lloyd Moote provides the first authoritative account of one of the most enigmatic figures of seventeenth century Europe Contrary of popular portrayals of the monarch as a hapless kind Moote argues that Louis XIII was a ruler who powerfully shaped his people s destiny

Louis XIV.: Makers of History Series John S. C. Abbott, *Louis XIV* John S.C. Abbott,2019-09-25 Reproduction of the original Louis XIV by John S C Abbott **Louis the Fourteenth and the Court of France in the Seventeenth Century** Miss Pardoe (Julia),1902 **Louis XIV** John Abbott,2016-11-18 This is a well written biography of King Louis XIV of France The book opens with a summary of his parents Louis XIII and Anne of Austria Louis XIII was a mere teenager at his wedding Anne just eleven It was common place for nobles to marry this young during the 1600s which seems inconceivable from a twenty first century perspective Louis XIII died when his son was seven leaving Anne to rule France as regent Louis XIV was crowned king of France at the age of thirteen It seems incredible that one so young should be given so much power This perhaps was the first contributing factor to turning him into a man who instigated many cruelties to his subjects What Louis did to Frenchmen of the Protestant faith competes with what Hitler did to the Jews He wanted France to be populated by Catholics only Any Protestant who refused to convert would be assaulted by soldiers without mercy or even killed This extended to young children though many children were torn from the homes and forced to live with adult Catholics who d force them to adapt to their faith Louis was power obsessed At one point he declared war on the Dutch with no apparent reason Many of his actions shocked the rest of Europe in the latter half of the 1600s and the early 1700s Louis was also fickle regarding women He would flirt with his favourite mistresses without a thought for the queen When a new young beauty caught his eye he d focus his attentions on her not caring how he mentally tortured his previous favourite Again and again his treatment of women proved heartless As John Abbott the author of this fine work points out in the brief intro Louis XIV s actions and cruelties to his subjects sewed the seeds of the French Revolution Many of the poor starved so Louis could live in luxury and spend endless amounts of the treasury on creating new buildings Despite all Louis XIV s faults he was an interesting and at times fascinating character I recommend this work to anyone interested in French or European history or

to those interested in historical figures who made a huge impact on the world be it good or bad *Musical Theatre at the Court of Louis XIV* Rebecca Harris-Warrick, Carol G. Marsh, 2005-09-29 *Le Mariage de la Grosse Cathos* a short ballet performed at the court of Louis XIV is of major importance to the study of French Baroque dance This facsimile reproduction of the entire manuscript is accompanied by a comprehensive study of the work itself and the context in which it was created and performed Dated 1688 it provides a wealth of new and detailed information on numerous aspects of theatrical dance It differs from the known choreographic sources in many respects the two most important being the completeness of all its components choreography music and text and the use of a previously unknown dance notation system Louis XIII, the Just A. Lloyd Moote, 1989-02-15 In this fascinating biography A Lloyd Moote provides the first authoritative account of one of the most enigmatic figures of seventeenth century Europe Contrary of popular portrayals of the monarch as a hapless kind Moote argues that Louis XIII was a ruler who powerfully shaped his people s destiny **How Louis XIV Survived His Hegemonic Bid** Dylan Motin, 2025-09-02 Why do some great powers survive their hegemonic bids while others lose everything France s Louis XIV stands out among modern aspiring hegemon as the only one to leave his country intact even larger than he found it Similar to other potential hegemon Louis fought general wars he failed to win decisively But Louis would often negotiate peace from a position of strength while other aspiring hegemon generally fought to the finish thus solidifying uncompromising balancing coalitions This eagerness to pursue peace from a position of strength mollified opposing coalitions and allowed France to extract some gains however limited This book helps us understand how wars with today s aspiring hegemon could end **The Courtiers and the Court of Louis XIII, 1610-1643** Marc W. S. Jaffré, 2025-02-10 Louis XIII s court has long been a fixture of popular culture thanks in part to the many movie and TV adaptations of Alexandre Dumas s novel *The Three Musketeers* Yet it remains misunderstood commonly mischaracterized as unimportant or wholly subservient to the whims of Cardinal Richelieu Seeking to correct this narrative Marc W S Jaffr here offers a comprehensive analysis of the court s institutional political social cultural ceremonial and financial development emphasizing its very wide range of active participants from the nobility financiers merchants to lower ranking household members The close study engages with the key issues of Louis s reign the destabilizing role of the minister favourite Cardinal Richelieu the turbulent family dynamics that led Louis to wage wars against his mother his brother and his cousins the backdrop of war both with the Huguenots and within the context of the Thirty Years War and the rise of salon culture In so doing the court is shown to be a central vibrant and misunderstood element of early modern French history and culture Courtiers artisans merchants and financiers among others are shown to have played key roles in shaping the institutional political cultural economic and military framework of the court and Louis XIII s reign more generally In challenging the top down paradigm prevalent in court studies this monograph provides crucial correctives to the existing narrative that Louis XIII s court was weak or unimportant and simultaneously revises how early modern courts and their development have been

understood historiographically **Louis XIV** John Baptiste Wolf,1968 Louis Xiv And The Greatness Of France Maurice Ashley,1965 Maurice Ashley evaluates how a determined conscientious King Louis XIV was able to raise France to its greatest glory while plunging its people into deep misery Maurice Ashley presents the life of Louis XIV both as a man and a ruler with attention on the explanation for a splendid age that nevertheless harbored the earliest roots of the French Revolution From his ill considered foreign policies his refusal to tolerate the slightest compromise of his royal absolutism and his total suppression of every deviation from strictly Roman Catholic orthodoxy Ashley presents a complete review of Louis impact on France and its people Louis XIV Aurora von Goeth,Jules Harper,2018-06-30 A concise straightforward biography of the seventeenth century French monarch and his seventy two year reign Innovator Tyrant Consummate showman Passionate lover of women After the death of King Louis XIII in 1643 the French crown went to his first born son and heir four year old Louis XIV In the extraordinary seventy two years that followed Louis le Grand France s self styled Sun King ruled France and its people leaving his unique and permanent mark on history and shaping fashion art culture and architecture like none other before This frank and concise book gives the reader a personal glimpse into the Sun King s life and times as we follow his rise in power and influence from a miraculous royal birth no one ever expected to the rise of king as absolute monarch through the evolution of the glittering Ch teau de Versailles scandals and poison four wars and many more mistresses right up to his final days Absolute monarch Appointed by God This is Louis XIV the man We will uncover his glorious and not so glorious obsessions His debilitating health issues His drive and passions And we will dispel some myths plus reveal the people in his intimate circle working behind the scenes on the Louis propaganda machine to ensure his legacy stayed in the history books forever This easy to read narrative is accompanied by a plethora of little known artworks so if you re a Louis XIV fan or student or just eager to know more about France s most famous king we invite you to delve into court life of seventeenth century French aristocracy the period known as Le Grand Si cle The Grand Century *French Legends* Charles River Editors,2025-05-05 Every time I create an appointment I create a hundred malcontents and one ingrate Louis XIV A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors French series readers can get caught up to speed on the lives of France s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known France s most famous King and Europe s longest serving Louis XIV 1638 1715 is often viewed today as a symbol of royal extravagance and splendor Reigning for over 72 years the legacy of the Sun King is remembered for the magnificent Palace of Versailles the patronizing of arts and theater and the apocryphal quote L Etat c est moi I am the State Although it is more than fair to associate the Sun King with vanity and unfathomable spending on luxury the laser sharp focus on the superficial aspects of the man and his reign have come to overshadow just how effective he was as a ruler Becoming King as a child and assuming actual power in his early 20s Louis spent nearly 55 years centralizing and consolidating power in his monarchy by

bringing the aristocracy to heel and keeping religious divisions from devolving into violence thereby passing off to his successor an absolute monarchy with a very solid foundation At the same time his foreign policies though often criticized as quests for glory helped establish France as the dominant power on the European continent and firmly in control of an overseas colonial empire that stretched both east and west And of course while his spending and extravagance are viewed critically today his construction of the Europe s most famous palace and his patronizing of the arts established the kind of culture and society that France is still famous for across the world today French Legends The Life and Legacy of King Louis XIV looks at the life and reign of one of history s most famous Kings explaining his influence in a historical light and analyzing the monumental legacy he left behind Along with pictures of important people places and events you will learn about the Sun King like you never have before in no time at all

Power and reputation at the court of Louis XIII

Sharon Kettering, 2018-02-28 This book seeks to rehabilitate the reputation of Charles d Albert duc de Luynes the controversial favourite of Louis XIII often maligned by historians Kettering argues that the traditional historical interpretation of Luynes is significantly influenced by the testimony of Richelieu who subjected Luynes to a devastating character assassination in his memoirs Richelieu s malice and the bias in histories based upon his memoirs justify another look at Luynes career This book sifts through the historical evidence to offer a new perspective on Luynes arguing that his contributions to the early years of Louis XIII s government have been insufficiently appreciated and in the process throws light upon a dark unpleasant corner of Richelieu s personality often ignored by historians As well as advanced students and historians of early modern France this book should interest those specialising in the history of the European courts power politics patronage and printed pamphlet literature
