Glimcher, Albert Marrin, 1976 A collection of the works of Louise Nevelson Noted for her powerful constructions they rank high among the monumental art of the twentieth century Based solidly on Cubism with overtones of DADA and Surrealism her sculpture is a unique and essential expression of modern and particularly urban life *Louise Nevelson* , 1981 **Nevelson: Wood Sculptures** Louise Nevelson, Martin Friedman, 1973 This book surveys the stylistic evolution of Louise Nevelson s wood sculpture over three decades focusing on the primal themes so identified with her art table landscapes columns boxes reliefs and walls More than sixty works are illustrated ranging from small scale containers the Cryptics to a sequence of monumental black walls that she has continued to produce since the mid 1950s In addition a number of recent photographs of Nevelson in her studio are included Wood is indisputably Nevelson s medium and the exhibition documents her remarkable use of this material Although she has recently made small precise plexiglass cube constructions and overseen the translation of several of her earlier wood pieces into large cor-ten steel sculptures the genesis and essence of her art is in her special

use of wood with which she creates seemingly weightless shapes whose iconography relates them to the past as well as to the present She is an accumulator a compulsive forager of abandoned and discarded fragments chair backs architectural scrollwork brush handles weathered planking and sweepings of chips and slivers from the carpenter s floor These become the ingredients of her spectral architectural compositions which painted a uniform color black white or on rare occasions gold allude to a mysterious reality Notes inside cover **Louise Nevelson, Iconography and Sources** Laurie Wilson,1981
