They include the violent, the horrific, the sentimental, the exotic, the erotic, and the humorous. Some of these pleasures derive from our evolutionary biology; they are all an important part of what it means to be human and central to understanding contemporary society. Examples are wide ranging, including British seaside postcards, Disney films, Nazi propaganda, burlesque, modern advertising, as well as many exemplars of fine art. The book reveals fresh insights for all those studying visual culture, art history, aesthetics, media studies, and media and art education.
