Canonized as the plain man s philosopher and the defender of common sense G E Moore is one of the most influential philosophers of the twentieth century But Moore s role as Bloomsbury s prophet has remained a mystery How could the plain man s philosopher influence those legendary members of the Bloomsbury group Lytton Strachey and John Maynard Keynes for example who could never be characterized as plain men With this book well known contemporary philosopher Tom Regan solves the mystery Relying on Moore s published and unpublished work Regan traces the development of Moore s moral philosophy up to and through his seminal work Principia Ethica 1903 Regan offers a radical reinterpretation of Principia Contrary to the standard interpretation that work s central theme is the liberation of the individual not dreary conformity to the rules of conventional morality The Bloomsberries lived Moore s philosophy the same philosophy subsequent generations have misunderstood At once literary and scholarly Bloomsbury s Prophet challenges received opinions not only about Principia and Moore but about Bloomsbury itself Love Makes No Sense Jennifer Strawbridge ,Jarred Mercer,Peter Groves ,2019-01-30 The Christian faith is something people practice The Church prays listens to the Scriptures celebrates the sacraments cares for the suffering and liberates the oppressed This is where the task of theology begins In Love Makes No Sense each chapter engages central issues of theology but remains focused on the Christian life Although it is a book about doctrine Christian teaching it insists that one cannot present a doctrine of the Trinity or Incarnation or anything else in the abstract Teaching divorced from everyday life is not Christian teaching This does not mean this book is primarily practical as opposed to theological It is an invitation to Christian theology that refuses to separate the two The aim of this book is not to satisfy the intellect but to train its readers through approachable theological teaching to live the love that Christian theology proclaims Suitable for people looking to explore Christian theology more deeply be they life long Christians who want a deeper understanding of their faith new Christians or those who are interested in the Christian faith and looking to find out

fiction written by Arab authors during the twentieth and to a lesser extent nineteenth century. It constitutes an original addition to the age-old East-West debate and is particularly relevant to the current discussion on Islam and the West. Alongside raising highly topical questions about stereotypical ideas concerning Arabs and Muslims in general, the book explores representations of the West by the foremost Arab intellectuals over a two-century period up to the present day and will appeal to those with an interest in Islam, the Middle East, nationalism, and the so-called Clash of Civilizations. *Unseen City* Ankhi Mukherjee, 2021-12-09. In *Unseen City: The Psychic Lives of the Urban Poor*, Ankhi Mukherjee offers a magisterial work of literary and cultural criticism which examines the relationship between global cities, poverty, and psychoanalysis. Spanning three continents, this hugely ambitious book reads fictional representations of poverty with each city's psychoanalytic and psychiatric culture, particularly as that culture is fostered by state policies toward the welfare needs of impoverished populations. It explores the causal relationship between precarity and mental health through clinical case studies, the product of extensive collaborations and knowledge sharing with community psychotherapeutic initiatives in six global cities. These are layered with twentieth and twenty-first century works of world literature that explore issues of identity, illness, and death at the intersections of class, race, globalisation, and migrancy. In *Unseen City*, Mukherjee argues that a humanistic and imaginative engagement with the psychic lives of the dispossessed is key to an adapted psychoanalysis for the poor and that seeking equity of the unconscious is key to poverty alleviation.
