The Church School Journal, 1897 *An Useful Concordance to the Holy Bible ... Begun by the Industrious Labours of Mr. Vavasor Powel ... The Second Edition*, 1685 *On Solitude, Conscience, Love and Our Inner and Outer Lives* Ron Haflidson, 2019-07-25 Ron

Haflidson places the theology of Augustine in conversation with contemporary authors who warn of the dangers of abandoning solitude for constant often technological connection Haflidson addresses an essential question that has previously been neglected What difference does it make to the practice of solitude if one believes that even in the absence of any human company God is always intimately present For Augustine solitude is a moral necessity he recommends that we regularly retreat from the crowd into the depths of our conscience where we can dwell alone in the company of God and enter into dialogue before and with God about who we are and how we love Throughout this book Haflidson pairs close readings of Augustine with those of noted cartographers of our inner lives literary greats including Jane Austen George Eliot

Marilynne Robinson and George Saunders This book explores what undiscovered possibilities may lie in solitude

Gandhi's Dilemma NA NA, 2016-04-30 Throughout his long career as a political thinker and activist Mahatma Gandhi encountered the dilemma of either remaining faithful to his nonviolent principles and risking the failure of the Indian nationalist movement or focusing on the seizure of political power at the expense of his moral message Putting forward his vision of a nonviolent nationalism Gandhi argued that Indian self rule could be achieved without sacrificing the universalist imperatives of his nonviolent philosophy Conceived as a study in the history of political thought this book examines the origins meaning and unfolding of Gandhi's dilemma as it played itself out in both theory and political practice This discussion is inextricably linked to significant and timely issues that are critical for the study of nationalism for Gandhi's vision raises the important question of whether it is indeed possible to construct a benign type of nationalism that is rooted in neither physical nor conceptual forms of violence
