

A man and a woman are shown in a close embrace. The woman, on the left, has blonde hair and is wearing a black dress. She is looking at the man and gently touching his face with her right hand. The man, on the right, is wearing a grey suit and a dark tie. He is looking directly at the camera with a serious expression. The background is dark and textured.

thinking has held that the principle of Reason is limited Following in the footsteps of Democritus Epicurus Spinoza Einstein this essay on the contrary elevates Reason or universal Causality to the rank of absolute foundation of reality and extends it without limits to the entire cosmos Based on the most recent scientific advances I reformulate the complete explanation for the existence of reality from the origin of the worlds to the most subtle faculties of the human mind Breaking through the metaphysical paradoxes deemed insoluble my thoughts then penetrate the secret cause of all things and revive a thousand year old philosophical current Integral rationalism has almost always frightened human beings At first glance the material world described by science condemns us to perish makes freedom impossible and ignores the meaning of all value Unable to meet the challenge of our condition Plato rejected the philosophers of nature and since then the majority of so called philosophers have followed him taking refuge in various intellectualized forms of spiritualism On the other side others are content with the appearance of things and oscillate between skepticism relativism and fatalism Against these two impasses I set out in search of true wisdom the one that refuses both to flee from reality and to renounce the most precious impulses of my heart Obviously the origin of reality the meaning of life and the torment of death have still not found clear and coherent answers that would completely reconcile us with reality and at the same time convince us of their veracity to the point that they are embraced by all friends of truth Despite a few rare geniuses who once touched upon this ultimate philosophy sublime answers to the great problems of existence have still not been clearly announced Observing this void I set out to find them for myself After long efforts I have now reached a level of coherence that exceeds all my initial hopes I offer you here the chance to discover unsuspected heights ReGrace Frank Viola,2019-03-05 The church is tired of seeing Christians act ungraciously toward one another when they disagree Social media has added to the carnage Christians routinely block each other on Facebook because of doctrinal disagreements The world watches the blood letting and the Christian witness is tarnished But what if every Christian discovered that their favorite teacher in church history had blind spots and held to some false and even shocking views Bestselling author Frank Viola argues that this simple awareness will soften Christians when they interact with each other in the face of theological disagreements In ReGrace he uncovers some of the shocking beliefs held by faith giants like C S Lewis Luther Calvin Moody Spurgeon Wesley Graham and Augustine not to downgrade or dismiss them but to show that even the greats in church history didn't get everything right Knowing that the heroes of our faith sometimes got it wrong will empower us to treat our fellow Christians with grace rather than disdain whenever we disagree over theology *Love and Valour* Thomas Hood,1871 **The Ten-Foot Chain** Max Brand,Achmed Abdullah,E.K. Means,P.P. Sheehan,2022-07-21 The anthology The Ten Foot Chain offers readers a compelling exploration of themes surrounding freedom constraint and the human condition skillfully rendered through a mosaic of literary styles This collection traverses a wide spectrum of genres from engrossing tales of adventure to reflections grounded in rich cultural traditions Its assembled narratives resonate within the broader literary context of the early 20th century marked by diverse

influences such as burgeoning modernism and enduring romanticism Among its standout pieces are those that probe the metaphorical chains binding individuals inviting readers to contemplate philosophical questions through both introspection and active storytelling The contributing authors of this anthology Max Brand Achmed Abdullah E K Means and P P Sheehan each bring distinct voices rooted in varied historical and cultural backgrounds Their collective work reflects the dynamism and complexity of the era s literary movements demonstrating an interplay between Eastern and Western storytelling traditions By weaving together stories from American frontier experiences Eastern fables and Southern humor the anthology achieves a richly textured narrative tapestry that enhances the exploration of its central theme Readers will find The Ten Foot Chain to be an enlightening journey into a multiplicity of perspectives It provides a unique opportunity to appreciate the depth of human experience captured through diverse voices within a single volume This anthology is not only an educational resource for understanding cross cultural dialogues but also a testament to the enduring power of storytelling to transcend boundaries and instigate reflection Engage with this collection to be enriched by the insightful dialogue it nurtures among its varied yet harmoniously woven pieces
