Geoffrey Harris, 2016-12-22 The title of Dr Harris book suggests that life is like a two sided coin it can be an Ocean of Love but can also be a Sea of Troubles The subtitle clarifies this paradox first there are many signs of God's reality and activity in the world and the first section of the book examines ways in which people are aware of God as both a creative and immanent presence in life The signs of God are not philosophical proofs but empirical realities accessible to all people In the second section the biblical responses to suffering in the world are explored through both Old and New Testaments In the third section the writings of two modern apologists C S Lewis and Philip Yancey are assessed and then finally there is a chapter of interviews with people who have known suffering in their lives Identification of Seismic Sources — Earthquake or Underground Explosion Eystein S. Husebye, S. Mykkelveit, 2012-12-06 The subject of this NATO Advanced Study Institute was seismic monitoring under a nuclear test ban an application of scientific knowledge and modern technology for a political purpose The international political objective of a comprehensive nuclear test ban provided in turn the motivation for our technical and scientific discussions In order to obtain a historical perspective on the progress of the work towards a comprehensive test ban treaty CTB it is necessary to go back to 1958 when a conference of scientific experts in Geneva made the first steps toward an international seismic monitoring system However agreement on actual

capabilities of a monitoring system for verifying compliance with such a treaty was not achieved and thus the conference did not lead to immediate political results After the Partial Test Ban Treaty of 1963 which banned nuclear explosions in the atmosphere outer space and under the seas renewed interest in the seismological verification of a CTB took place A number of countries initiated large scale research efforts toward detecting and identifying underground nuclear explosions and it was in this context that the large aperture seismic arrays NORSAR and LASA were established This type of development resulted in excellent seismic data in digital form and was thus of great importance to the seismological community *Chicorel Index*

Revelation: God'S Last Love Letter Kenneth E. Nissen,2014-04-16 Revelation is addressed to the churches in chapter one and for the churches in the last chapter One would expect Gods last love letter to be a favorite book among Christians but it isnt It isnt because it isnt understood This book has been highly received by numerous evangelical leaders and is used as the textbook on Revelation in Bible colleges as far away as Africa and India From the first I was taken with the desire of Ken to help people see that the book of Revelation was written primarily to help people in their walk with God in the midst of troubled times and not as a text to figure out the sequence of the end times This was also the first time I had seen the theme of overcoming given as the main thrust of Revelation So I had to read his manuscript to see if in fact he had come upon something I had missed I am convinced that he has I have found his book to be extremely helpful to see the desire of God to have his children to be overcomers and the resources available to us to do just that as the end approaches And the book is more than that for it does not side step the questions that are raised as one reads the book of Revelation Stephen R Bradley Director of Field Education Columbia Bible College Columbia South Carolina The Love of Nature: Selected Essays John

Jean Elliott,2007-08-30 One thing Rachel Hardison knew for sure was that she did not want to find herself twice divorced at age twenty nine as was her older sister Devon who was in the midst of ending her second marriage so since all every man ever wanted in her experience

was just one thing and she had no intention of satisfying their boody calls at age twenty four she had contented herself with being single And while she would love to find a man who would be able to look past her face and her body and love her for herself the way she would want to love him Rachel simply did not see that happening So when she arrived in Alaska for her older brother Georges wedding to his boss Stacey an Alaska native the last thing Rachel arrived looking for was a man Instead what was on her mind was sightseeing and plenty of it and with George having lived in Anchorage for five years now he would know every nook and cranny to take her to Only problem she discovered once having arrived at the fancy Anchorage hotel owned by his fiance was that George was too busy putting last minute touches on Saturdays wedding as well as handling last minute hotel business in preparation for his and Staceys honeymoon to show her around And with Alaska being the habitat of bears and other such wildlife and wilderness trappings that could prove dangerous to a visitor untaught in its ways George offered to get one of his groomsmen to stand in as a tour guide for her It is on that note that he asks her to guess whos standing in as his best man and when she asks him who and he tells her Felix Latham Rachel cant believe it Felix Latham his gorgeous best friend from college who fell head over heels in love with their sister Devon who dated him briefly before dumping him to the wayside and forgetting him completely That said Rachel had not heard his name in ten years surprised George had kept in touch with him after all that time And indeed George had to hear him tell it Felix was presently an actor on a New York soap opera had been for six years and had the Emmys to prove it Rachel simply couldnt believe that Felix was that successful much less a famous actor George then suggests that Felix would make an excellent tour guide for her and when Rachel naturally asks why when hes not a native any more than is she George tells her that hes been at the hotel for over a week now having upset half his female staff getting them to show him around while theyre off duty Rachel doesnt doubt that for a minute always having thought of Felix as a lady killer with the exception of being unable to keep Devon wrapped around his finger Small wonder hed become an actor she thought And so she agrees to let Felix be her tour guide provided hes up to it just as she anticipates the reaction shes going to get when he sees how Georges kid sister filled out since the last time he saw her not to mention she wasnt exactly a dog either And indeed again when George finally does reintroduce his old friend to the kid sister he hasnt seen in ten years Felix cant believe it any more than he can keep his eyes off her In fact despite the fact that he is still clearly in love with Devon the disappointment he feels at learning from Rachel that Devon is in the midst of a divorce and thus wont be there to attend the wedding is almost eclipsed by his excitement at the thought of showing her all the fabulous places in and around Anchorage that he has been avidly exploring the length of his stay thus far knowing shell provide a most pleasant and familiar distraction And so he agrees to be her tour guide for the next three days and they have so much fun not to mention so much in common that Rachel is bent on keeping it from happening despite Felixs equal determination that it does But just as the inevitable happens and they are about to give in to their attraction whats going to happ Touched by Divine Love Samantha Richards,2013-06-27 From a young age
