Luisa And The Silence:

Luisa and the Silence Claudio Piersanti, 2002 Piersanti uses sharp detail and nuance to construct an everyday life Luisa and the Silence is the portrait of an ordinary person distinctive neither in appearance nor in the depth of her thoughts Avoiding any pretension to social criticism Piersanti instead has created a daring novel where the main character simply is

Memory, History, Nation Susannah Radstone, 2017-09-04 In the last decade a focus on memory in the human sciences has encouraged new approaches to the study of the past As the humanities and social sciences have put into question their own claims to objectivity authority and universality memory has appeared to offer a way of engaging with knowledge of the past as inevitably partial subjective and local At the same time memory and memorial practices have become sites of contestation and the politics of memory are increasingly prominent This inter disciplinary volume demonstrates from a range of perspectives the complex cultural work and struggles over meaning that lie at the heart of what we call memory The chapters in this volume offer a complex awareness of the workings of memory and the ways in which different or changing histories may be explained They explore the relation between individual and social memory between real and imaginary event and fantasy history and myth Contradictory accounts or memories in direct contradiction to the historical record are not always the sign of a repressive authority attempting to cover something up The tension between memory as a safeguard against attempts to silence dissenting voices and memory's own implication in that silencing runs throughout the book Topics covered range from the Basque country to Cambodia from Hungary to South Africa from the Finnish Civil War to the cult Jim Jarmusch movie Dead Man from the Rock and Roll Hall of Fame to Australia Part I Transforming Memory is concerned primarily with the social and personal transmission of memory across time and generations Part II Remembering Suffering Trauma and History brings the after effects of catastrophe to the fore Part III Patterning the National Past the relation between nation and memory is the central issue Part IV And Then Silence reflects on the complex and multiple meaning of silence and oblivion wherein amnesia is often used as a figure for the denial of shameful

peasant community of Sarhua was at the epicenter of the conflict and this small village is the focus of *Unveiling Secrets of War in the Peruvian Andes* There nearly a decade after the event Olga M Gonz lez follows the tangled thread of a public secret the disappearance of Narciso Huicho the man blamed for plunging Sarhua into a conflict that would sunder the community for years Drawing on extensive fieldwork and a novel use of a cycle of paintings Gonz lez examines the relationship between secrecy and memory Her attention to the gaps and silences within both the Sarhuinos oral histories and the paintings reveals the pervasive reality of secrecy for people who have endured episodes of intense violence Gonz lez conveys how public secrets turn the process of unmasking into a complex mode of truth telling Ultimately public secrecy is an intricate way of remembering to forget that establishes a normative truth that makes life livable in the aftermath of a civil war

Narratives of the Unspoken in Contemporary Irish Fiction M. Teresa Caneda-Cabrera, José Carregal-Romero, 2023-07-21 This Open access book is a collection of essays and offers an in depth analysis of silence as an aesthetic practice and a textual strategy which paradoxically speaks of the unspoken nature of many inconvenient hidden truths of Irish society in the work of contemporary fiction writers The study acknowledges Ireland's history of damaging silences and considers its legacies but it also underscores how silence can serve as a valuable even productive means of expression From a wide range of critical perspectives the individual essays address among other issues the conspiracies of silence in Catholic Ireland the silenced structural oppression of Celtic Tiger Ireland the recovery of silenced stories voices of the past and their examination in the present as well as millennial disaffection and the silencing of vulnerability in today's neoliberal Ireland The book's attention to silence provides a rich vocabulary for understanding what unfolds in the quiet interstices of Irish writing from recent decades This study also invokes the past to understand the present and thus demonstrates the continuities and discontinuities that define how silence operates in Irish culture Grant FF12017 84619 P AEI ERDF EU INTRUTHS Inconvenient Truths Cultural Practices of Silence in Contemporary Irish Fiction Funded by the

Class, Contention, and a World in Motion Winnie Lem, Pauline Gardiner Barber, 2010-07-01 Prevailing scholarship on migration tends to present migrants as the objects of history subjected to abstract global forces or to concrete forms of regulation imposed by state and supra state organizations In this volume by contrast the focus is on migrants as the subjects of history who not only react but also act to engage with and transform their worlds Using ethnographic examples from Africa Asia Europe North America and the Middle East contributors question how and why particular forms of political struggle and collective action may or indeed may not be carried forward in the context of geographic and social border crossings In doing so they bring the dynamic relationship between class gender and culture to the forefront in each distinctive migration setting

The silent morning Trudi Tate, Kate Kennedy, 2016-01-04 This is the first book to study the cultural impact of the Armistice of 11 November 1918 It contains 14 new essays from scholars working in literature music art history and military history The Armistice brought hopes for a

better future as well as sadness disappointment and rage Many people in all the combatant nations asked hard questions about the purpose of the war These questions are explored in complex and nuanced ways in the literature music and art of the period This book revisits the silence of the Armistice and asks how its effect was to echo into the following decades The essays are genuinely interdisciplinary and are written in a clear accessible style **Memories and Silences Haunted by Fascism** Daniela Baratieri,2010 Fascist and colonial legacies have been determinant in shaping how Italian colonialism has been narrated in Italy till the late 1960s This book deals with the complex problem of public memory and discursive amnesia The detailed research that underpins this book makes it no longer possible to claim that after 1945 there was an absolute and traumatic silence concerning Italy's colonial occupation of North and East Africa However the abiding public use of this history confirms the existence of an extremely selective and codified memory of that past The author shows that colonial discourse persisted in historiography newspapers newsreels and film Popular culture appears intertwined with political and economic interests and the power inscribed in elite and scientific knowledge While readdressing the often mistaken historical time line that ignores that actual Italian colonial ties did not end with the fall of Fascism but in 1960 with Somalia becoming independent this book suggests that a new post Fascist Italian identity was the crucial issue in reappraisals of a national colonial past **A Story to Save Your Life** Sarah Bishop,2022-08-16 Winner 2023 OHA Book Award Oral History Association A young woman flees violence in Mexico and seeks protection in the United States only to be trafficked as a domestic worker in the Bronx A decorated immigration judge leaves his post when the policies he proudly upheld capsize in the wake of political turmoil A Gambian translator who was granted asylum herself talks with other African women about how immigration officers expect victims of torture to behave A border patrol officer begins to question the training that instructs him to treat the children he finds in the Arizona desert like criminals Through these and other powerful firsthand accounts A Story to Save Your Life offers new insight into the harrowing realities of seeking protection in the United States Sarah C Bishop argues that cultural differences in communication shape every stage of the asylum process playing a major but unexamined role Migrants fleeing persecution must reconstruct the details of their lives so governmental authorities can determine whether their experiences justify protection However Bishop shows many factors influence whether an applicant is perceived as credible from the effects of trauma on the ability to recount an experience chronologically to culturally rooted nonverbal behaviors and displays of emotion For asylum seekers harnessing the power of autobiographical storytelling can mean the difference between life and death A Story to Save Your Life emphasizes how memory communication and culture intertwine in migrants search for safety *Transforming Memories in Contemporary Women's Rewriting* L. Plate,2010-12-08 Including topics as diverse as feminism and its relationship to the marketplace plagiarism and copyright silence and forgetting and myth in a digital age this book explores the role of rewriting within feminist literature from the 1970s onwards in relation to the theme of cultural memory **Subversive Silences** Helene Carol Weldt-Basson,2009 Weldt

Basson Spanish Wayne State U investigates how seven Latin American women writers of the twentieth and twenty first centuries have used the concept of submissive silence in their works as a sign of women s rebellion against the passive silence imposed by patriarchy Using different theoretical perspectives in each chapter she demonstrates how Marta Brunet Maria Luisa Bombal Rosario Castellanos Isabel Allende Rosario Ferre Laura Esquivel and Sandra Cisneros have used silence thematically and stylistically through hyperbole coding irony parody and cultural symbol and how silence reflects different time periods and countries
