Lynn Riggs Southwest Playwright:

Lynn Riggs, Southwest Playwright Thomas A. Erhard, 1970 Lynn Riggs: The Indigenous Plays Lynn Riggs, 2024-03-28 Lynn Riggs *The Indigenous Plays* bundles critically edited texts of three thematically allied plays with an extensive primary secondary and textual apparatus *The Cherokee Night* 1932 comprising seven asynchronous scenes set between 1895 and 1931 is Riggs's most experimental play Its Cherokee characters inhabit a history of dispossession and violence including the dissolution of the Cherokee Nation with Oklahoma statehood in 1907 Their daily survival constitutes the apex of resistance Not so for the Indigenes of *The Year of Pilar* 1938 the most radical American Indian text prior to the Native American renaissance that began in the late 1960s Here Yucatecan Mayans take a government program of land reform as an opportunity to reclaim their homeland and punish settler colonialists for centuries of enslavement torture and sexual violence Riggs returns to Indian Territory in *The Cream in the Well* 1941 set on the eve of Oklahoma statehood The Cherokee Sawters family responds to the onset of statehood by lamenting lost opportunities and fretting about an uncertain future Culture in the American Southwest Keith L. Bryant, 2014-09-01 If the Southwest is known for its distinctive regional culture it is not only the indigenous influences that make it so As Anglo Americans moved into the territories of the greater Southwest they brought with them a desire to reestablish the highest culture of their former homes opera painting sculpture architecture and literature But their inherited culture was altered challenged and reshaped by Native American and Hispanic peoples and a new vibrant cultural life resulted From Houston to Los Angeles from Tulsa to Tucson Keith L. Bryant traces the development of high culture in the Southwest Humans create culture but in the Southwest Bryant argues the land itself has also influenced that creation Incredible light natural grandeur and a geography at once beautiful and yet brutal molded societies that sprang from unique cultural sources The peoples of the American Southwest share a regional consciousness an experience of place that has helped to create a unified but not homogenized Southwestern culture Bryant also examines a paradox of Southwestern cultural life Southwesterners take pride in their cultural distinctiveness yet they struggled to win recognition for their achievements in high culture A dynamic tension between those seeking to re create a Western European culture and those desiring one based on regional themes and resources continues to stimulate creativity Decade by decade and city by city Bryant charts the growth of cultural institutions and patronage as he describes the contributions of artists and performers and of the elites who support them Bryant focuses on the significant role women played as leaders in the formation of cultural institutions and as writers artists and musicians The text is enhanced by more than fifty photographs depicting the interplay between the people and the land and the culture that has resulted *Haunted by Home* Phyllis Cole Braunlich, 2002-11-01 Phyllis Cole Braunlich sketches the life story of Lynn Riggs 1899-1954 the playwright best known as the author of *Green Grow the Lilacs* the play that formed the basis for the Rodgers and Hammerstein musical *Oklahoma* Today Riggs is recognized as one of the twentieth century's most innovative playwrights

Santa Fe Hollywood New York and Chapel Hill these were the cities that Lynn Riggs father of the folk play called home along with eastern Oklahoma the scene of his memorable re creations of Oklahoma Territory before statehood Riggs traveled widely to make his living and his fame and along the way he earned the friendship of many avant garde writers and successful theatre people of his time This biography is also a chronicle of literary and caf society on both coasts and in New Mexico during the 1920s 30s and 40s

That the People Might Live Jace Weaver,1997 Loyalty to the community is the highest value in Native American cultures argues Jace Weaver In *That the People Might Live* he explores a wide range of Native American literature from 1768 to the present taking this sense of community as both a starting point and a lens Weaver considers some of the best known Native American writers such as Leslie Marmon Silko Gerald Vizenor and Vine Deloria as well as many others who are receiving critical attention here for the first time He contends that the single thing that most defines these authors writings and makes them deserving of study as a literature separate from the national literature of the United States is their commitment to Native community and its survival He terms this commitment communitism a fusion of community and activism The Native American authors are engaged in an ongoing quest for community and write out of a passionate commitment to it They write literally that the People might live Drawing upon the best Native and non Native scholarship including the emerging postcolonial discourse as well as a close reading of the writings themselves Weaver adds his own provocative insights to help readers to a richer understanding of these too often neglected texts A scholar of religion he also sets this literature in the context of Native cultures and religious traditions and explores the tensions between these traditions and Christianity

Darby, Courtney Elkin Mohler, Christy Stanlake, 2020-02-06 This foundational study offers an accessible introduction to Native American and First Nations theatre by drawing on critical Indigenous and dramaturgical frameworks It is the first major survey book to introduce Native artists plays and theatres within their cultural aesthetic spiritual and socio political contexts Native American and First Nations theatre weaves the spiritual and aesthetic traditions of Native cultures into diverse dynamic contemporary plays that enact Indigenous human rights through the plays visionary styles of dramaturgy and performance The book begins by introducing readers to historical and cultural contexts helpful for reading Native American and First Nations drama followed by an overview of Indigenous plays and theatre artists from across the century Finally it points forward to the ways in which Native American and First Nations theatre artists are continuing to create works that advocate for human rights through transformative Native performance practices Addressing the complexities of this dynamic field this volume offers critical grounding in the historical development of Indigenous theatre in North America while analysing key Native plays and performance traditions from the mainland United States and Canada In surveying Native theatre from the late 19th century until today the authors explore the cultural aesthetic and spiritual concerns as well as the political and revitalization efforts of Indigenous peoples This book frames the major themes of the genre and identifies how such themes are present in the dramaturgy rehearsal practices and performance histories of key Native scripts Southwestern American Literature John Q. Anderson, Edwin W. Gaston, James Ward Lee, 1980 *A Literary History of the American West* Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance **A Companion to the Regional Literatures of America** Charles L. Crow, 2008-04-15 The Blackwell Companion to American Regional Literature is the most comprehensive resource yet published for study of this popular field The most inclusive survey yet published of American regional literature Represents a wide variety of theoretical and historical approaches Surveys the literature of specific regions from California to New England and from Alaska to Hawaii Discusses authors and groups who have been important in defining regional American literature **Inside Looking Out** Sharyn Rohlfen Udall, 1994 American painter Gina Knee 1898 1982 is an important virtually unacclaimed artist whose career stretched over five decades and many locations she worked in the Southwest the South California and New York Starting in the 1940s she was given solo shows on both coasts and her work found its way

into major public and private collections She knew and exhibited with some of the major artists of her day Jackson Pollock Willem de Kooning Mark Tobey and her third husband Alexander Brook Yet like many artists especially women working on the fringes of mainstream art movements her achievements have been nearly forgotten in the rush to create art superstars This book is an in depth examination of the artist s life and work from hesitant artistic beginnings to a culmination in highly original paintings reflecting her modernist and abstract vision Inside Looking Out reflects too the recent recognition in art history that art is as much a product of culture as it is the elusive privileged activity of the isolated genius Knee s efforts to find the delicate balance between marriage and her life s work is a central theme of the book traced in her letters and conversations with friends Her story gives new insight into American art and life at mid century Gina modified her schedule to suit the demand of her husband s They rose early she prepared his breakfast and packed his lunch then drove him to work in the pre dawn rushing traffic Returning home she faced the new tasks of managing the household without help Dishwashing making beds dusting laundry all the things middle class women took for granted in the 1940s these were frustrating and time consuming It just takes hours for me to do what an organized housewife does in one she complained Gina s affluent upbringing and the ease of finding servants in Santa Fe had accustomed her to hours of time spent as she chose In wartime Los Angeles when servants were impossible to find she suddenly had to do everything and it soon began to feel burdensome Forced to sacrifice precious studio time to the demands of a repetitious household routine she came face to face with a new reality that she must now give up a certain amount of control over her own life Money her own independent income had formerly given her the luxury of time time to be used as a man does in professional activity freed from enervating household chores Now the leveling effect of the war reminded her firmly that she was a woman in a situation where affluence could not buy the uninterrupted freedom to create Her life was turned upside down her priorities questioned her relationship with Ernie Knee strained
