Michael Minkenberg, Herbert Dittgen

Machine Politics Sound Bites And Nostalgia:

Machine Politics, Sound Bites, and Nostalgia Michael Margolis, John Clifford Green, 1993-03-16 In August 1991 the Political Organization and Parties Section of the American Political Science Association sponsored a workshop entitled Machine Politics Sound Bites and Nostalgia Substantive Issues and Methodological Problems in the Study of Party Organization which included a panel of scholars presenting brief papers on research questions and a panel of practitioners responding from their personal experience The results of these panels are included in this publication The scholarly perspectives include papers presented by Leon D Epstein Paul S Herrnson Charles D Hadley Michael Margolis and Kay Lawson Applied perspectives from practitioners include comments from Michael Margolis John Pitney Lynn Cutler Mark Strand Les Frances and Tom Cole Co published with the Ray C Bliss Institute of Applied Politics

Party Organization and Activism in the American South Robert P. Steed, John A. Clark, Lewis Bowman, Charles D. Hadley, 2012-10-29 Maps the ways political parties remain vital components in the American political system especially in the eleven states in the South As Tocqueville noted more than 100 years ago No countries need associations more than those with a democratic social state Although some contemporary observers see a decline in associations especially in the political sphere the contributors in this volume argue not only that political parties remain an essential component of the American political system but also that grassroots political groups have revitalized the political process especially in the South Using data gathered from local party officials in the eleven southern states the authors examine such key issues as Who becomes involved in local party organizations and why How do parties recruit and retain workers What are the ideological and issue orientations of these activists How does intraparty factionalism affect local party organizations What is the connection between the party organization and its external environment The large regional database provides these contributors with the opportunity to extend the study of local party organization and activists thus addressing some of the significant gaps in previous research The additional data enable them to clarify the nature of local party organizations and in a larger sense the role of the parties in the contemporary American political system

The American Impasse Michael Minkenberg, Herbert Dittgen, 2017-03-15 The end of communist regimes in Eastern Europe and the USSR produced strikingly little enthusiasm in the United States The political energy absorbed for forty years by American Soviet relations left America no triumphant but reflective turning inward with a general sense of national decline American politics and policy have met the rapid changes in the new global order with alarming slowness and inflexibility In this book fourteen leading political scientists ask two basic questions What effect did the cold war have on American institutions and politics And how will American politics evolve now The first section of the volume focuses on institutions the presidency Congress federalism The second explores politics ideologies public opinion and the American party system The third section tackles important policy areas the budget social issues education foreign policy trade and immigration Contributors Joel D Aberbach Tobias D rr Andreas Falke Adrienne H

ritier Peter L. sche Theodore J Lowi Heinz Dieter Meyer Demetrios G Papademetriou Paul E Peterson Bert A Rockman James Thurber David B Walker and the editors **Free Expression, Public Support, and Censorship** Michael Margolis, 1994 In this work Canadian and American scholars critics government officials and arts presenters discuss varied aspects of the role of government in the arts The first section addresses general questions of government involvement in the arts in Canada and the U S and also presents a comparison of North American arts policy with governmental policy toward the arts in Western Europe The second section examines government policies toward arts education and cultural exchange in Canada and the U S The final section examines the tensions that arise concerning free expression and censorship when the governments of Canada and the U S allocate funds to support particular artists programs or projects **Historical Dictionary of United States Political Parties** Harold F. Bass Jr., 2009-09-01 The constitution that establishes the institutional framework for American national government makes no mention of political parties Yet for over two centuries political parties have competed in encouraging organizing and directing political activity in the United States This volume compiles entries of concepts terms labels and individuals central to identifying and comprehending these key roles political parties have played in American political life The second edition of Historical Dictionary of United States Political Parties addresses the historical development organization operation and leadership of the parties as well as their broader environment This is done through a chronology an introductory essay appendixes a bibliography and over 800 cross referenced dictionary entries addressing individuals institutions and terms **America and Its Critics** Sergio Fabbrini, 2008-09-15 No other country in the world evokes such contrasting sentiments as the United States of America This is not new but it has become particularly virulent in recent years The reason is simple after the end of the cold war America has remained the only super power in the world Or rather it has become a veritable hyper power without apparent limits to the exercise of its power The fate of the world lies in large part in its hands This book analyses the most widespread criticisms of American democracy namely that it is plebiscitary devoid of voters unduly favours the rich and imperial It shows that these criticisms fail to hit the mark Yet even if its vices are fewer and different from what its critics often claim American democracy cannot be read as an exemplary catalogue of virtues as its apologists would have it Resting on contradictions rather than coherence American democracy cannot be seen as a model and even less as an ideology Rather it should be understood as a method Clearing away the misunderstandings and prejudices that cloud contemporary debates about America this book brings out with exceptional clarity the strengths as well as the weaknesses of the American democratic experience In a century when no country can hope to escape from the influence of American power it is vital to understand both **The State of the Parties** John Clifford Green, Daniel M. Shea, 1996 This work illuminates the two realities that currently structure the state of American political organisations This new edition examines changes in the political landscape including the impact of the Republican electoral triumph of 1994 the Contract with America third parties and party elites **Politics, Professionalism, and**

Power John Clifford Green, 1994-03-15 This book examines the role of increased professionalism in the growth of both the Republican and Democratic national parties beginning with Republican National Committee Chairman Ray C Bliss in the 1960s It analyzes how an increased application of professional values has contributed to the continued growth of national party organizations despite recurring constraints in party policymaking Contributors John F Bibby Stephen H Frantzich John C Green James L Guth Jon F Hale Tim Hames Paul S Herrnson Robert J Huckshorn John H Kessel Philip A Klinkner Joseph I Lieberman David Menefee Libey Lawrence F O'Brien Arthur L Peterson John J Pitney Jr George C Roberts Frederick M Wirt Co published with the Ray C Bliss Institute of Applied Politics Partisan Approaches to Postwar American Politics Byron E. Shafer, Harold Franklin Bass, 1998 Bibby addresses the radical transformation of party organizations from weak confederacies to modern bureaucracies with a national strategy William G Mayer surveys the subtle and complicated shifts in public loyalties that underlie the era's changing patterns of mass partisanship and Harold F Bass Jr chronicles remarkable developments in the partisan rules that set the conditions of participation for all actors in the electoral system

Instructor's Manual for American Government: Continuity and Change, 2006 Edition Sue Davis, 2006 **Southern State Party Organizations and Activists** Charles Hadley, Lewis Bowman, 1995-02-28 This groundbreaking volume describes and analyzes grassroots political party organizations in the South Based upon surveys of county political party committee activists conducted for the Southern Grassroots Party Activists Project and funded by the National Science Foundation the work examines each of the 11 Southern states Each chapter in the book written by a scholar from the particular state describes the general political history of that state over the 1954-1992 period and then details state party organizations and activists activists backgrounds politics motivations for party activism and party organization maintenance The data and analysis presented depict political changes in the South at both the state and national level and provide for fascinating comparisons from state to state in the solid South **Superintending Democracy** Christopher P. Banks, John Clifford Green, 2001 This timely book is a diverse collection of essays by nationally recognized scholars politicians and lawyers that challenges the popular myth that the U S Supreme Court is an apolitical institution It analyzes the manner in which the U S Supreme Court superintends the electoral process through its judicial decision making As a provocative study of the intersection between law and politics it considers whether the nation's highest court as an inherently undemocratic and counter majoritarian political institution should enter the so called political thicket and decide legal disputes concerning political corruption campaign finance political parties patronage and redistricting Because there are few books on the U S Supreme Court and its impact on American electoral politics Superintending Democracy is a welcome addition to social science and legal scholarship It is a book for political scientists legal scholars and students who are interested in learning about American politics constitutional law or the political nexus between law and courts *Handbuch Parteienforschung* Oskar Niedermayer, 2013-06-25 Dieses Handbuch dient einer umfassenden Standortbestimmung der Parteienforschung Es

vermittelt detailliertes Wissen über die zentralen theoretischen Konzepte, methodischen Fragen und empirischen Befunde der Erforschung von politischen Parteien und Parteiensystemen und gibt einen Überblick über den aktuellen Stand der Beschäftigung mit diesem Thema, wobei auch der internationale Vergleich nicht zu kurz kommt. **Congressional Elections** Paul S. Herrnson, 1998. Now updated with coverage of the 1996 elections. Congressional Elections is for everyone who wants to know what's involved in running for Congress. Drawing on survey results and interviews with hundreds of candidates, campaign aides, party officials, political action committee managers and political consultants, the book explores what it takes, candidates' strategies and campaign organizations to win an election and presents a compelling fact-based picture of the two races. All successful congressional candidates must win one at home to win votes in their districts and one in Washington to gain support of national political leaders. *Das sozialdemokratische Modell* Jens Borchert, Lutz Golsch, Uwe Jun, Peter Lösche, 2013-07-29. 1. Ende einer Ära: Die Sozialdemokratie vor neuen Herausforderungen. Die holzschnittartige Gegenüberstellung von Labour Party und SPD als Positiv- und Negativbeispiel sozialdemokratischer Erneuerung erkennt die fundamentale Herausforderung, der sich alle sozialdemokratischen Parteien Europas und Ozeaniens und die liberalen Parteien Nordamerikas gleichermaßen gegenübersehen: die Krise des sozialdemokratischen Modells. Auch das Ausmaß der Hoffnungen, die in Tony Blair gesetzt werden, erklärt sich ja nur aus dem steilen Absturz der einstmals stolzen Labour Party in den letzten 20 Jahren. Die größte Herausforderung betrifft den Verlust ideologischer Gewissheiten durch die Schwächung von traditioneller Organisationskultur und Organisationsweise. 1. ebenso wie durch die Erschöpfung jener Politikinhalte, die in der Nachkriegszeit prägend für das sozialdemokratische Politikverständnis waren. 2. 1. Die Sozialdemokratie stützte sich traditionell auf eine starke Bindung ihrer Mitglieder und Wähler an die Partei, die durch bestimmte soziale Milieus und sozio-kulturelle Umfeldorganisationen aufrechterhalten und reproduziert wurde. Gerade in der Zwischenkriegszeit war die Sozialdemokratie Partei sozialer Bewegung und Lebensweise gleichermaßen auf der Betriebsebene und im Ortsverein konstituiert, aber in allen Sphären proletarischer Existenz hineinreichend, eben nicht nur in die Arbeitswelt, sondern ebenso in die Wohnviertel, die Freizeitaktivitäten und die Bildungsinstitutionen. Ein dichtes organisatorisches Netzwerk zusammengehalten durch eine allgemein gültige Solidaritätsnorm erschien der Sozialdemokratie als notwendige Überlebensstrategie in einer feindlichen kapitalistischen Welt und als partielle Vorwegnahme jener utopischen sozialistischen Gesellschaft, die insgesamt angestrebt wurde. **Choice**, 1993. **American Book Publishing Record**, 1992.
