Mayday Roman:

Mayday Jonathan Lynn, 1995 *Kennedy v. Nixon* Edmund F. Kallina Jr., 2010-09-26 *Kennedy v Nixon* is a book for everyone who thinks they know what happened in the pivotal election year of 1960 For fifty years we've accepted Theodore White's premise from *The Making of the President 1960* that Kennedy ran a brilliant campaign while Nixon committed blunder after blunder But White the journalist was a Kennedy partisan and helped establish the myth of Camelot Now five decades later Edmund Kallina offers a fresh overview of the election's most critical and controversial events Based upon research conducted at four presidential libraries those of Eisenhower Kennedy Johnson and Nixon Kallina is able to make observations and share insights unavailable in the immediate aftermath of one of the closest races in American presidential history He describes the strengths and mistakes of both camps and examines the impact of civil rights Cold War tensions and the televised presidential debates on an election that still looms large in both the political history and the popular imagination of the United States *Secrets of Ancient America* Carl Lehrburger, 2015-01-02 The real history of the New World and the visitors from both East and West who traveled to the Americas long before 1492 Provides more than 300 photographs and drawings including Celtic runes in New England Gaelic inscriptions in Colorado and Asian symbols in the West Reinterprets many archaeological finds such as the Ohio Serpent Mound Reveals Celtic Hebrew Roman early Christian Templar Egyptian Chinese and Japanese influences in North American artifacts and ruins As the myth of Columbus discovering America falls from the pedestal of established history we are given the opportunity to discover the real story of the New World and the visitors from both East and West who traveled there long before 1492 Sharing his more than 25 years of research and travel to sites throughout North America Carl Lehrburger employs epigraphy archaeology and archaeoastronomy to reveal extensive evidence for pre-Columbian explorers in ancient America He provides more than 300 photographs and drawings of sites relics and rock art including Celtic and Norse runes in New England Phoenician and Hebrew inscriptions in the Midwest and ancient Shiva linga and Egyptian hieroglyphs in the West He uncovers the real story of Columbus and his motives for coming to the Americas He reinterprets many well-known archaeological and astronomical finds such as the Ohio Serpent Mound America's Stonehenge in New Hampshire and the Crespi Collection in Ecuador He reveals Celtic Hebrew Roman early Christian Templar Egyptian Chinese and Japanese influences in famous stones and ruins reconstructing the record of what really happened on the American continents prior to Columbus He also looks at Hindu influences in Mesoamerica and sacred sexuality encoded in archaeological sites Expanding upon the work of well-known diffusionists such as Barry Fell and Gunnar Thompson the author documents the travels and settlements of trans-Atlantic and trans-Pacific explorers miners and settlers who made it to the Americas and left their marks for us to discover Interpreting their sacred symbols he shows how their teachings prayers and cosmologies reveal the cosmic order and sacred landscape of the Americas **St Paul in Roman Asia Minor** E. Lennox Manton, 2016-01-15 This book illuminates the journeys of Saint

Paul in Roman Asia Minor in a way that has not previously been attempted and the discussion presented here is in no way an effort to discuss various aspects of Saint Paul's theology. Saint Paul was reticent with the details of his journeys and this has given rise to much subsequent learned speculation as to their actual course and possible deviations. In the nineteen sixties I drove over the course of Saint Paul's journeys visiting those cities known to him. Many of the roads, especially that between Laodicea and Antalya, had very poor surfaces and I speculated then that these roads must have been much worse in Saint Paul's time. I was drawn to the conclusion that St Paul's journeys may have deviated from historical and theological accepted wisdom and in this book I have proposed what I believe to be some likely variations in the routes of parts of his journeys.

Mayday Nelson DeMille, Thomas H. Block, 1998 Bath Massacre, New Edition Arnie Bernstein, 2022-01-31 The new edition of this Michigan Notable Book includes a new introduction and stories from interviews with two additional survivors Myrna Gates Coulter and Ralph Witchell which took place after the first edition was published in 2009. On May 18 1927 the small town of Bath Michigan was forever changed when Andrew Kehoe set off a cache of explosives concealed in the basement of the local school. Thirty-eight children and six adults were dead among them Kehoe who had literally blown himself to bits by setting off a dynamite charge in his car. The next day on Kehoe's farm what was left of his wife burned beyond recognition after Kehoe set his property and buildings ablaze was found tied to a handcart, her skull crushed. With seemingly endless stories of school violence and suicide bombers filling today's headlines Bath Massacre serves as a reminder that terrorism and large scale murder are nothing new.

Hart Attack Cristin Harber, 2014-11-18 Outside of Titan Group there are few people that Roman Hart would die for. He's a soldier, a protector, and he's haunted that one of the people he should've been able to protect didn't let him. That was years ago and now a hardened heart and a cocky attitude are his impenetrable shields until one woman, one challenge drives him to distraction. On the outside Beth Tourne has it all: luxury car, gorgeous condo, and a job partying with the rich and famous. It's a plush CIA cover, but she wants more. Anything for an adrenaline rush that can override her guilty numbness and let her forget the tragedy she never saw coming. Their scars make them perfect operatives. Their mirrored pasts give them deep, wounded reasons to stay alone. But the more they ignore the tension, the more vulnerable they become. Survival means trust. In one another, behind closed doors, and on the job. The only way they're making it out alive is if they find peace while waging a war.
