Scatter Brain Shaparak Khorsandi, 2023-07-13 Some brains through no fault of their own pack a bag turn the lights off and run away to the seaside the moment they are meant to be doing homework paying bills or not putting the cat in the fridge These are ADHD brains I have one and believe they are as common as being left handed flat footed or genuinely enjoying anchovies on a pizza Undiagnosed Attention Deficit Hyperactivity Disorder made my life a frustrating maddening rollercoaster I had very little focus except when I was hyper focusing and then it would always be on the wrong things I made the same mistakes over and over again regularly burning myself out until I was sobbing When I finally was diagnosed in my 40s it felt like the lights had been turned on after a lifetime in the dark Join much loved comedian Shappi Khorsandi as she looks back on her life through the lens of ADHD and finally makes sense of the chaos From discovering the joys of shoplifting through to finally understanding her attraction to toxic men *Scatter Brain* will have you laughing and crying as you find out what it's really like to live a life out of control Whether you suspect you might have ADHD or you're here to enjoy the ride let Shappi take you on her hilarious journey of self discovery where you just might learn something useful about yourself too
