## Missing In Heaven:

**Missing Heaven by 18 Inches (Pack Of 25)** Good News Publishers,2012-09-30 Tracts are creative short form gospel presentations Eighteen inches the distance from your head to your heart can mean eternity with Christ or an eternity without Him A creative approach to get people thinking *Almost Missing Heaven* Terry Hurt,2022-10-29 This is the genuine story of a man who came close to missing heaven one day After reading this book readers might wonder whether they ever walked in that man's shoes if they've ever been on the road to missing Heaven or if they've ever actually paused to consider that state Missing out on heaven would be the most terrible and unsatisfying experience a person could possibly have People may endure several painful trials and tribulations as they travel through life but there is a restorative process If on the other hand anyone misses paradise and ends up in hell they will be trapped there for all eternity with no possibility of escape or anybody to assist them to get out of that horrible place This is the story of how he was duped by Satan and how God intervened to save him from going to hell It's a narrative about family heartache happiness and perils It is a story of a life lived decisions taken mistakes overcome and victory at the end Born in Dayton Ohio and raised on a farm in Greenville Ohio about 35 miles northwest of Dayton Terry Hurt attended a Christian church as a young lad until the age of thirteen when he decided there was no need to go to church any longer and just quit going At the age of 22 the Holy Spirit began to call to him and by the age of 24 he had lived for the devil for so many years and was so deep into sin he didn't think he could be saved However he did answer the call of the Lord and gave the Lord a chance in his life God has proven to him that no matter how far down into sin one might find himself God can and will forgive sins and save one's soul making an eternal home in Heaven for everyone who is willing **Grassroots Activism of Ancient China** Hung-yok Ip,2022-02-24 This book examines Mohism as a movement in early China focusing on the Mohists' pursuit of power Fashioning themselves as grassroots activists the Mohists hoped to impact the elite by gaining entry in its community and influencing it from within To create a less violent world they deployed strategies of persuasion and negotiation but did not discard counterviolence in their dealings with the ruling class In executing their activism the Mohists produced knowledge that allowed them to hone their nonviolent strategies as well as to mount armed resistance to aggression In addition the Mohists paid significant attention to the issue of personhood constructing a self-cultivation tradition unsparing in its demands for overcoming human conditions that would impede their performance as activists This book situates Mohism in the history of nonviolent activism and in that of negotiation and conflict resolution [Understanding The Anatomy of Evil](#) William Nitardy,2016-04-14 The book examines the anatomy of evil in the realm of ideological and philosophical beliefs This includes politics culture religion science and law It attempts to answer many questions by giving the reader a better understanding of all aspects of evil including stealth evils that are not even on our radar Although the author uses many scriptural verses to support the book's thesis it does not simply rely on scripture but relies on probability science and rationale to draw conclusions while showing consistency with and support of

scripture Although the author is convinced that the bible is the infallible Word of God and believes in biblical Christianity he is very critical of denominational Christianity and other religions including pseudo science and other religions that masquerade as secular entities He believes that the rapid and virtually complete secularization of our society has only been possible because of the many false foundations that have been established and accepted as fact when they are completely false and destructive Those false foundations justify and support many evils that have been and are being promoted in America The book discusses the situation in which America finds itself where we are being destroyed and are near the point of no return The book addresses the current political situation and the upcoming presidential election The final chapter of the book is to encourage skeptics to believe the truth of the bible through rational evidence Although this book should connect well with Christians it is hoped that the rational approach taken would attract atheists agnostics and skeptics as well as pastors and religious leaders Pastors and religious leaders are encouraged to teach the full council of God by relating scriptural principles to our evil culture and even go so far as to attack the false foundations that are making the gospel irrelevant or addressing the contaminated soil that prevents the gospel seeds from germinating

Overcoming the Darkness Rev. Charles M. Ridulph, 2020-05-29 Overcoming The Darkness explains in Biblical detail how God's Light shines in the midst of any and all darkness which enters into our collective and individual lives This is an evil world in which we live and darkness abounds The realm of darkness can be devastating but the darkness need not win out Evil hurts but will not prevail God has a way of changing things That is who he is and that is what he does Overcoming The Darkness shows you the victory which is yours to have the victory over all those fears associated with the dark God's Light does indeed shine in the darkness Yes in the midst of the darkness the light of Jesus Christ shines brightly The victory has been won

*Pushing Against Darkness* Michael H Imhof, If you wonder what is going on in our country lately the rioting fires violent protests etc you need to read this book Commander Imhof takes the reader behind the scenes to expose some of the evil and the evil doers that operate covertly and pull the strings of not only those in government positions who play into their hands but also in the private sector You will learn who is behind the rabid efforts to take out President Trump and why they are so desperate to remove him from office Commander Imhof is convinced that America needs to return to its Christian roots He firmly believes Americans should heed 2 Chronicles 7:14 which says If My people who are called by My name will humble themselves and pray and seek My face and turn from their wicked ways then I will hear from heaven and will forgive their sin and heal their land This book is a collection of short op ed pieces that Commander Imhof wrote and were published in his local newspaper over a period of several years As such some of the information will appear dated But that's OK because the point being made is still relevant today Each article is short to the point and packs a punch that will leave you wanting to stand up and cheer Either that or you will shake your head with sadness as you become aware of the truly evil things that are happening in America today

**I Just Got Saved... What's Next?** Leonard Sampson,2013-07-24 This book is all about spiritual guidance It is meant to provide information on all levels of spirituality from the person that knows absolutely nothing about Christ to those how are seasoned believers There is truly something for everyone in this book It provides an easy to follow step by step guidance to growth in the ways of Christ Most oftentimes people who are new to the church atmosphere really dont know what to expect or do There is a ton of spiritual references but not like this We hold nothing back and really put before you a foundational understanding of how to be totally successful in your walk with Christ      *Confucian Ethics of the Axial Age* Heiner Roetz,1993-10-05 Confucian Ethics of the Axial Age describes the formative period of Chinese culture the last centuries of the Zhou dynasty as an early epoch of enlightenment It comprehensively reconstructs the ethical discourse as thought gradually became emancipated from tradition and institutions Rather than presenting a chronology of different thinkers and works this book discusses the systematic aspects of moral philosophies Based on original texts Roetz focuses on filial piety

the conflict between the family and the state the legitimating of the political order the virtues of loyalty friendship and harmony concepts of justice the principle of humaneness and its different readings the Golden Rule the moral person the autonomous self motivation decision and conscience and various attempts to ground morality in religion human nature or reason These topics are arranged in such a way that the genetic structure and the logical development of the moral reasoning becomes apparent From this detached perspective conventional morality is either rejected or critically reestablished under the restraint of new abstract and universal norms This makes the Chinese developments part of the ancient worldwide movement of enlightenment of the axial age     Understanding the Afterlife Cliff Baird,2012-03-28 Do We Need This Book My aunt nearly 90 years old at the death of her youngest sister tearfully asked the presiding minister But where is my sister in the earth or in heaven Both she and her sister were raised to be very faithful Christians in the church This uncertainty only exemplifies the great need for this book Kenneth H Pollard elder Thomaston Road church of Christ
