Lucile Morris Upton landed her first newspaper job out West in the early 1920s then returned home to spend half a century reporting on the Ozarks world she knew best Having come of age just as women gained the right to vote she took advantage of opportunities that presented themselves in a changing world During her years as a journalist Upton rubbed shoulders with presidents flew with aviation pioneer Wiley Post covered the worst single killing of US police officers in the twentieth century wrote an acclaimed book on the vigilante group known as the Bald Knobbers charted the growth of tourism in the Ozarks and spearheaded a movement to preserve iconic sites of regional history Following retirement from her newspaper job she put her experience to good use as a member of the Springfield City Council and community activist Told largely through Upton's own words this insightful biography captures the excitement of being on the front lines of newsgathering in the days when the whole world depended on newspapers to find out what was happening Winner 2024 Missouri Literary Award First Place 2024 Missouri Professional Communicators Communications Contest Finalist Society of Midland Authors Book Award

The Middle West James R. Shortridge, 1989 Shortridge cultural geography U of Kansas examines the idea of the Middle West relating the changing meaning of the term regional identity the pastoralism of the area Annotation copyright Book News Inc Portland Or *Stained with Blood and Tears* John A. Beadles, 2019-09-10 Packed with villains victims and heroes *Stained with Blood and Tears* recounts the story of what has been called the equal opportunity lynchings of Will Froggie James who was black and Henry Salzner a white man in the rowdy river town of Cairo Illinois on November 11 1909 This book is the first to focus on one of the most infamous nights of lynching in the history of the United States when about one thousand men and women were transformed into a murderous mob The book also details a lesser known attempted lynching of a suspected purse snatcher by another mob about ninety days later That mob was beaten back by about a dozen mostly African American deputies and a white sheriff *Stained with Blood and Tears* ends with the saga of the killing of a Cairo policeman in the police station by the sheriff from a neighboring county over an incident that began in a Cairo brothel The book thoroughly examines a dark side of Cairo's past when it had a Jim Crow mind set and crooked policemen and was awash in liquor and teeming with prostitutes and gambling houses The violence of the era led the town's Catholic priest to lament Must this fair city of ours go ever in garments spattered with blood *Country Roads of Missouri* Archie Satterfield, 2002-07-01 Scattered across Missouri you will find one of the best collections of old grist mills country stores that have hardly changed in half a century rivers pouring right out of the ground from the states many springs hundreds of miles of limestone caves flaming autumn colors to rival those anywhere in America and small towns such as Bethel with a fascinating history In this book you will find strange stories of a hearse leading a wagon train and you will learn how the French wine industry was saved from destruction by two imaginative Missourians *Riverine Dreams* George Frazier, 2025-10-03 The inspirational story of

grassland rivers and the people who paddle and protect them The North American grasslands that once covered vast areas of the central United States are now our most endangered ecosystems But not far from any spot in the grasslands is a river Grassland rivers are as central to the story of prairies as bison and bluestem Defined as rivers that drain prairie watersheds these waterways are crucial to plains ecosystems and no less endangered than the grasslands surrounding them They are also enigmatic some are restricted by local access laws and others have simply been forgotten In any given year fewer than a dozen people might lay eyes on tens of thousands of miles of America's grassland rivers But as environmental writer George Frazier shows following their twists and turns is one of the best ways to experience the wild essence of the prairies *Riverine Dreams* invites us on a trip along eight grassland rivers including the Missouri the Niobrara and Purgatoire traversing their environmental and cultural histories and introducing us to the people who study paddle and conserve them This journey takes Frazier across the North American interior from Montana and Colorado to Nebraska and Missouri where he uncovers a remarkable movement to celebrate and preserve these natural treasures nothing less than a grassland river revival The first accessible introduction to these waters *Riverine Dreams* is a personal exploration of the rivers that are so vital to the health of the prairies
