Misterios De La Habana:

Los misterios de La Habana Zoé Valdés,2014-03-15 He creado algunos de los misterios que siempre me sedujeron de mi ciudad natal inspirados en personajes reales e históricos pero también mezclados con protagonistas y situaciones de ficción inventados por la imaginación popular y por la magia de una ciudad en la que parece que todo es posible servida por su más apasionada escritora *Los misterios de la Habana* Pedroso de Arriaza,1916 **Los Misterios de la Habana** A. Pedroso de Arriaza,1879 **Cuban Studies 38** Louis A. Perez, Jr.,2008-01-27 Cuban Studies 38 examines topics that include liberalism emanating from Havana in the early 1800s José Martí's theory of psychocoloniality the relationship between sugar planters insurgents and the Spanish military during the revolution new aesthetics in Cuban cinema the recovery of poet José Ángel Buesa and the meaning of Elián Gonzales in the context of life in Miami **Bibliografía cubana del siglo XIX: 1879-1885** Carlos Manuel Trelles,1914 **Islas** ,1974 Archivos del folklore cubano Fernando Ortiz,1924 Ethnic Music on Records Richard K. Spottswood,1990 This impressive compilation offers a nearly complete listing of sound recordings made by American minority artists prior to mid 1942 Organized by national group or language the seven volume set cites primary and secondary titles composers participating artists instrumentation date and place of recording master and release numbers and reissues in all formats Because of its clear arrangements and indexes it will be a unique and valuable tool for music and ethnic historians folklorists and others **Cuban Studies 34** Lisandro Perez,Uva De Aragon,2004-02-01 Cuban Studies has been published annually by the University of Pittsburgh Press since 1985 Founded in 1970 it is the preeminent journal for scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field *Bibliografía cubana del siglo XIX: 1869-1878* Carlos Manuel Trelles,1913 **Slavery in the Americas** Wolfgang Binder,1993 Biblioteca histórica cubana Carlos Manuel Trelles,1924 *Los Misterios de la Habana* A. Pedroso de Arriaza,1879 *Caribbean Studies* ,1972 *La Reforma social* ,1917 Audible Geographies in Latin America Dylan Lamar Robbins,2019-09-28 Audible Geographies in Latin America examines the audibility of place as a racialized phenomenon It argues that place is not just a geographical or political notion but also a sensorial one shaped by the specific profile of the senses engaged through different media Through a series of cases the book examines racialized listening criteria and practices in the formation of ideas about place at exemplary moments between the 1890s and the 1960s Through a discussion of Louis Moreau Gottschalk's last concerts in Rio de Janeiro and a contemporary sound installation involving telegraphs by Otávio Schipper and Sérgio Krakowski Chapter 1 proposes a link between a sensorial economy and a political economy for which the racialized and commodified body serves as an essential feature of its operation Chapter 2 analyzes resonance as a racialized concept through an examination of phonograph demonstrations in Rio de Janeiro and research on dancing manias and hypnosis in Salvador da Bahia in the 1890s Chapter 3 studies voice and speech as racialized movements informed by criminology and the proscriptive norms

defining white Spanish in Cuba Chapter 4 unpacks conflicting listening criteria for an optics of blackness in national sounds developed according to a gendered set of premises that moved freely between diaspora and empire national territory and the fraught politics of recorded versus performed music in the early 1930s Chapter 5 in the context of Cuban Revolutionary cinema of the 1960s explores the different facets of noise both as a racialized and socially relevant sense of sound and as a feature and consequence of different reproduction and transmission technologies Overall the book argues that these and related instances reveal how sound and listening have played more prominent roles than previously acknowledged in place making in the specific multi ethnic colonial contexts characterized by diasporic populations in Latin America and the Caribbean

Geographies of Cubanidad Rebecca M. Bodenheimer, 2015-07-10 Derived from the nationalist writings of Jos Mart the concept of Cubanidad Cubanness has always imagined a unified hybrid nation where racial difference is nonexistent and nationality trumps all other axes identities Scholars have critiqued this celebration of racial mixture highlighting a gap between the claim of racial harmony and the realities of inequality faced by Afro Cubans since independence in 1898 In this book Rebecca M Bodenheimer argues that it is not only the recognition of racial difference that threatens to divide the nation but that popular regional sentiment further contests the hegemonic national discourse Given that the music is a prominent symbol of Cubanidad musical practices play an important role in constructing regional local and national identities This book suggests that regional identity exerts a significant influence on the aesthetic choices made by Cuban musicians Through the examination of several genres Bodenheimer explores the various ways that race and place are entangled in contemporary Cuban music She argues that racialized notions which circulate about different cities affect both the formation of local identity and musical performance Thus the musical practices discussed in the book including rumba timba eastern Cuban folklore and son are examples of the intersections between regional identity formation racialized notions of place and music making

Activating the Past Andrew Apter, Lauren Derby, 2009-12-14 Activating the Past explores critical historical events and transformations associated with embodied memories in the Black Atlantic world The assembled case studies disclose hidden historical references to local and regional encounters with Atlantic modernity focusing on religious festivals that represent political and economic relationships in fetishized forms of power and value Although memories of the slave trade are rarely acknowledged in West Africa and the Americas they have retreated so to speak within ritual associations as restricted repressed even secret histories that are activated during public festivals and through different styles of spirit possession In West Africa our focus on selected port cities along the coast extends into the hinterlands where slave raiding occurred but is poorly documented and rarely acknowledged In the Caribbean regional contrasts between coastal and hinterland communities relate figures of the j baro the indio and the caboclo to their ritual representations in Santer a Vodou and Candombl Highlighting the spatial association of memories with shrines and the ritual condensation of regional geographies we locate local spirits and domestic terrains within co extensive Atlantic horizons The

volume brings together leading scholars of the African Diaspora who not only explore these ritual archives for significant echoes of the past but also illuminate a subaltern historiography embedded within Atlantic cultural systems **El Laberinto de los Espíritus / The Labyrinth of Spirits** Carlos Ruiz Zafón, 2017-10-24 En la Barcelona de finales de los años 50 Daniel Sempere ya no es aquel niño que descubrió un libro que habría de cambiarle la vida entre los pasadizos del Cementerio de los Libros Olvidados El misterio de la muerte de su madre Isabella ha abierto un abismo en su alma del que su esposa Bea y su fiel amigo Fermín intentan salvarle Justo cuando Daniel cree que está a un paso de resolver el enigma una conjura mucho más profunda y oscura de lo que nunca podría haber imaginado despliega su red desde las entrañas del Régimen Es entonces cuando aparece Alicia Gris un alma nacida de las sombras de la guerra para conducirlos al corazón de las tinieblas y desvelar la historia secreta de la familia aunque a un terrible precio Back cover Unión ,1968
