Bernard Quaritch (Firm)

Mistress Of The Arts:

Mistress of the Arts Rachel Trethewey, 2002 Two hundred years ago there lived a magnetic and manipulative aristocrat whose complex relationships and strong passions will strike a chord with any modern woman Georgina Duchess of Bedford had a long and happy marriage with one of the richest men in England Yet she also kept a handsome lover over 20 years her junior the famous artist Edwin Landseer who adored her till the day he died Georgina s controversial life caused scandal even in that decadent era She was at the center of Regency society and mixed with the leading politicians artists and nobles of the time *Mistress of the Arts* explores the life of this intriguing woman and the colorful world she inhabited *The Arts* ,1925

A New English Dictionary on Historical Principles James Augustus Henry Murray, 1908 *The Fine Arts* Gerard Baldwin Brown, 1910 *The School Arts Book* ,1909 **The Life of William Morris** John William Mackail, 1901 **The Saturday Review of Politics, Literature, Science and Art** ,1858 *The Outlook* ,1913 **DJINN POEMS To Her Majesty** Jahshua Dewey Stockton Divine, 2014 **The Baroque in Architectural Culture, 1880-1980** Andrew Leach, John Macarthur, 2016-03-09 In his landmark volume *Space Time and Architecture* Sigfried Giedion paired images of two iconic spirals Tatlin s Monument to the Third International and Borromini s dome for Sant Ivo alla Sapienza The values shared between the baroque age and the modern were thus encapsulated on a single page spread As Giedion put it writing of Sant Ivo Borromini accomplished the movement of the whole pattern from the ground to the lantern without entirely ending even there And yet he merely groped towards that which could be completely effected in modern architecture achieving the transition between inner and outer space The intellectual debt of modern architecture to modernist historians who were ostensibly preoccupied with the art and architecture of earlier epochs is now widely acknowledged This volume extends this work by contributing to the dual projects of the intellectual history of modern architecture and the history of architectural historiography It considers the varied ways that historians of art and architecture have historicized modern architecture through its interaction with the baroque a term of contested historical and conceptual significance that has often seemed to shadow a greater contest over the historicity of modernism Presenting research by an international community of scholars this book explores through a series of cross sections the traffic of ideas between practice and history that has shaped modern architecture and the academic discipline of architectural history across the long twentieth century The editors use the historiography of the baroque as a lens through which to follow the path of modern ideas that draw authority from history In doing so the volume defines a role for the baroque in the history of architectural historiography and in the history of modern architectural culture **Architect** ,1909 **Catalogue of Works on the Fine Arts** Bernard Quaritch (Firm), 1909
