John Horning

Mistress Of The Pearl:

Mistress of the Pearl Eric Van Lustbader, 2005-11-01 Kundala is Miina's world created by that Goddess with the help of the dragons. But Miina is missing and her people have been enslaved by the alien Vornn. Now a savior has come the Dar Sala at a messiah promised by prophecy yet unlike anyone's expectations within the body of a beautiful young woman is the mind and spirit of a unique Kundalan female who is joined in mystical partnership with the mind and spirit of Annon Ashera a Vornn male the last survivor of a noble family. Together the two adolescents have matured and merged into a new joint identity. Now their common destiny and Kundala's is in their own hands. In Lustbader's richly imagined saga The Pearl magic and science clash on an epic scale. As in the Midkemia novels of Raymond Feist the juxtaposition shows that neither is inherently good or evil. It is the people using magic or science who give them meaning and Lustbader has created people you will never forget. Riane the Dar Sala at Eleana the woman she loves twice over Kurgan the Vornn usurper who raped Eleana and sired her child Marethyn Stogggul Kurgan's defiant sister an artist who joins the Kundalan resistance Marethyn's lover chief trader Sornnn SaTrryn who secretly helps the resistance as well and the fabulous Krystren the Sarakkon woman from the mysterious southern continent who comes north on a secret mission and will change the lives of everyone she meets. All the while the evil Sauromicians threaten the world as they seek to use banestones to bind a dragon. With each new volume The Pearl has bloomed and ramified like a gorgeous flowering vine. The Mistress of the Pearl is the best yet and those who have read the previous books will find new sources of excitement and enlightenment but this is also a great place to begin catching up with the series as the Pearl shines ever brighter. The Rādhā Tantra Mans Broo, 2016-10-26 The Rādhā Tantra is an anonymous 17th century tantric text from Bengal. The text offers a lively picture of the meeting of different religious traditions in 17th century Bengal since it presents a kṛta version of the famous Vaiśṇava story of Rādhā and Kṛṣṇa. This book presents a critically edited text of the Rādhā Tantra based on manuscripts in India, Nepal and Bangladesh as well as an annotated translation. It is prefaced by an introduction that situates the text in its social and historical context and discusses its significance. The introduction also looks at the composition and metrics, vocabulary and grammar and contents and doctrine of the text. It also includes a discussion of the extensive intertextualities of the Rādhā Tantra as well as the sources used for this edition. The Sanskrit text in Roman transliteration following the standard IAST system is then presented followed by an English translation of the text. This book will be of interest to scholars of South Asian Religion, Tantric Studies and Religious History.
