

# ¿QUÉ ES UN MITO?

Un **mito** es un relato tradicional basado en antiguas creencias de diferentes comunidades y que presenta **explicaciones sobrenaturales de hechos o fenómenos naturales**. El relato mítico está relacionado con creencias religiosas, por lo que es asociado con un carácter ritual; es decir, presenta elementos invariables (que se repiten) y se distingue por su perdurabilidad a través del tiempo.

El **propósito del mito** no es entretener, como ocurre con el cuento, sino brindar una explicación al sentido de la vida. Por eso hay ciertos temas, como el origen del hombre y del universo, que aparecen tratados en los mitos de todas las culturas.
