The Holocaust Jeremy Black, 2024-06-04 In *The Holocaust History and Memory New Edition* Jeremy Black revisits his brilliant and wrenching account of the brutal mass slaughter of Jews during World War II and the subsequent remembrance and misremembering of this genocide Black challenges the prevailing view that separates the Holocaust from Germany's military objectives with compelling evidence that Germany's war on the Allies was deeply intertwined with Hitler's war on Jews As Hitler expanded his control over more territories the extermination of Jews became a significant war aim particularly in the east Long before the establishment of extermination camps the German army and collaborators carried out mass shootings resulting in the deaths of many and the extermination of entire Jewish communities Notably Rommel's attack on Egypt was a crucial step toward the larger goal of annihilating 400 000 Jews living in Palestine Additionally Hitler interpreted America's initial focus on war with Germany rather than Japan as evidence of influential Jewish interests in American policy which further justified and escalated his war against Jewry through the Final Solution In chilling detail Black also unveils compelling evidence that many ordinary Germans must have been aware of the genocide happening around them *The Holocaust History and Memory New Edition* is an essential concise and highly readable history Now extensively revised and updated it continues to offer a powerful testimony to those forever silenced by the Holocaust ensuring that their horrifying fate will never be forgotten

Memory Work Nina Fischer, 2015-09-27 *Memory Work* studies how Jewish children of Holocaust survivors from the English speaking diaspora explore the past in literary texts By identifying areas where memory manifests *Objects Names Bodies Food* *Passover 9 11* it shows how the Second Generation engage with the pre Holocaust family and their parents survival
