MO BURDEKIN. BY SARAH CAMPION. SARAH CAMPION, 1941 **By the Book** Patrick Buckridge, Belinda McKay, 2007-09 Queensland a place of barren land and wild politics with subtropical weather beaches and natural wonders is the subject of this rich literary history Chronicling a wide range of literature from the first days of European settlement to the present day this collection touches upon thematic topics such as travel stories writing for children and indigenous writings The role of institutions such as schools public libraries the press and publishers as well as how they have contributed to the shaping of Queensland s literary development is also included **Australian Literary Studies** , 2006

The Bibliography of Australasian Judaica 1788-2008 Serge Liberman, 2018-11-01 This bibliography includes all traceable self contained books monographs pamphlets and chapters from books which in some way pertain to Jews in Australia and New Zealand between 1788 and 2008 Born in Russia in 1942 Serge Liberman came to Australia in 1951 where he now works as a medical practitioner As author of several short story collections including *On Firmer Shores A Universe of Clowns The Life That I Have Led and The Battered and the Redeemed* he has three times received the Alan Marshall Award and has also been a recipient of the NSW Premier s Literary Award In addition he is compiler of two previous editions of *A Bibliography of Australian Judaica* Several of his titles have been set as study texts in Australian and British high schools and universities His literary work has been widely published he has been Editor and Literary Editor of several respected journals and has contributed to many other publications **Mo Burdekin** Mary Rose Campion, 1941 **Loving Arms** Karen Schneider, 2014-07-15 *Loving Arms* examines the war related writings of five British women whose works explore the connections among gender war and story telling While not the first study to relate the subjects of gender and war it is the first within a growing body of criticism to focus specifically on British culture during and after World War II Evoking the famous St Crispin s Day speech from Henry V and then her own father s account of being moved to tears on V J Day because he had been too young to fight Karen Schneider posits that the war story has a far reaching potency She admits perhaps for all of us that such stories had powerfully shaped my consciousness in ways I could not completely resist How a story is narrated and by whom are matters of no small importance As widely defined and accepted war stories are men s stories If we are to hear an other story of war then we must listen to the stories women tell Many of the war stories written by women insist that war is not the condition of men but rather the condition of humanity beginning with relations between the sexes For the five women whose work is examined in *Loving Arms* Stevie Smith Katharine Burdekin Virginia Woolf Elizabeth Bowen and Doris Lessing this latter point was particularly relevant Their positions as women within a patriarchal militarist culture that was externally threatened by an overtly fascist one led to an acute ambivalence says Schneider Though all five women perceived the war from substantially different perspectives each in her own way exposed and critiqued the seductive power of war and war stories with their densely interwoven tropes of masculinity and nationalism Yet these writers conflicting

impulses of loyalty to England and resistance to the war betray their ambivalence Loving Arms will interest students of twentieth century British literature and culture gender studies and narratology Even today we maintain an unabated love affair with the war story But unless we listen to what the women had to say fifty years ago we are doomed to hear only the same old story

Ethnosyntax : Explorations in Grammar and Culture N. J. Enfield, 2002-07-04 This book provides a fresh and original approach to the ethnosyntax concept the proposition that the grammar of a language is intimately linked to the culture of its speakers It focuses on three related questions how far culture accounts for linguistic variation how culture and grammar are connected and to what extent one may constitute the other It looks for example at the ways in which grammatical including semantic resources may be constrained by social values and at the possible sociocultural significance of grammatical devices The chapters add up to an important and timely contribution to the renewed debate among linguists and anthropologists on the relationship between grammar culture and cognition The authors represent a wide range of research traditions some of which have not until now explicitly addressed the grammar and culture issue They consider the subject in the context of a wide range of cultures in North America Europe and Australasia The clarity and accessibility of their writing together with Dr Enfield's introduction to the field make this not only a work of original value and impeccable scholarship but an excellent modern textbook on a subject of enduring fascination in linguistics and anthropology

Bonanza Sarah Champion, 1942 **Our NHS** Andrew Seaton, 2023-01-01 An engaging inclusive history of the NHS exploring its surprising survival and the people who have kept it running In recent decades a wave of appreciation for the NHS has swept across the UK Britons have clapped for frontline workers and championed the service as a distinctive national achievement All this has happened in the face of ideological opposition marketization and workforce crises But how did the NHS become what it is today In this wide ranging history Andrew Seaton examines the full story of the NHS He traces how the service has changed and adapted bringing together the experiences of patients staff from Britain and abroad and the service's wider supporters and opponents He explains not only why it survived the neoliberalism of the late twentieth century but also how it became a key marker of national identity Seaton emphasizes the resilience of the NHS perpetually in crisis and yet perennially enduring as well as the political values it embodies and the work of those who have tirelessly kept it afloat
