Levine, 1998-05-13 Specially commissioned essays provide a critical introduction to one of the most significant writers of nineteenth century America      *Manhood and the American Renaissance* David Leverenz, 2019-06-30 In the view of David Leverenz such nineteenth century American male writers as Emerson Hawthorne Melville Thoreau and Whitman were influenced more profoundly by the popular model of the entrepreneurial man of force than they were by their literary precursors and contemporaries Drawing on the insights of feminist theory gender studies psychoanalytical criticism and social history *Manhood and the American Renaissance* demonstrates that gender pressures and class conflicts played as critical a role in literary creation for the male writers of nineteenth century America as they did for the women writers Leverenz interprets male American authors in terms of three major ideologies of manhood linked to the social classes in the Northeast patrician artisan and entrepreneurial He asserts that the older ideologies of patrician gentility and of artisan independence were being challenged from 1820 to 1860 by the new middle class ideology of competitive individualism The male writers of the American Renaissance patrician almost

without exception in their backgrounds and self expectations were fascinated yet horrified by the aggressive materialism and the rivalry for dominance they witnessed in the undeferential new men In close readings of the works both of well known male literary figures and of then popular authors such as Richard Henry Dana Jr and Francis Parkman Leverenz discovers a repressed center of manhood beset by fears of humiliation and masochistic fantasies He discerns different patterns in the works of Whitman with his artisan s background and Frederick Douglass who rose from artisan freedom to entrepreneurial power Emphasizing the interplay of class and gender Leverenz also considers how women viewed manhood He concludes that male writers portrayed manhood as a rivalry for dominance but contemporary female writers saw it as patriarchy Two chapters contrast the work of the genteel writers Sarah Hale and Caroline Kirkland with the evangelical works of Susan Warner and Harriet Beecher Stowe A bold and imaginative work Manhood and the American Renaissance will enlighten and inspire controversy among all students of American literature nineteenth century American history and the relation of gender and literature
