Setting Our Hearts upon the Deep Henry L. Novello,2022-12-22 In Christian churches the Why Lord and How long Lord prayers of the Jewish lament tradition have fallen silent This is astonishing given that Jesus fidelity to the cause of God culminates in his lament cry on Calvary which was heard by God Heb 5 7 who did not hide his face Ps 22 24 but responded by raising him up in glory In Christ s paschal mystery grief lament and joy praise are inextricably intertwined So why is lament not incorporated into praise in church usage How can we not lament as we strive to embody Christ in an unredeemed world The book examines reasons for the neglect of lament in the New Testament and theological tradition The pivotal section of the work situates Jesus in the tradition of the suffering righteous in which Psalm 22 stands and it proposes a theological not juridical interpretation of Jesus cry which refutes the God abandonment thesis Jesus cry reveals his abandonment to God not his abandonment by God Because God was for and with Jesus we know that God is for and with us in our own cries which are joined to Jesus cry and we are redeemed Redemption then consists in human and divine suffering coming together to transform grief and evil into joy and newness of life

The Bible, Christianity, and Culture Pavol Bargár,2023-05-01 This book originated in the Donatio Universitatis Carolinae award and research support that Professor Petr Pokorn received in 2017 It was envisioned designed and originally conducted as a project exploring the biblical roots of Christian culture Experts in various theological and philosophical disciplines both from the Czech Republic and abroad were to probe this topic from their particular perspectives The hoped for output was to be a coherent collective study of the proposed topic However due to the unexpected passing away of Prof Pokorn in early 2020 the project could not be executed according to the original plan Rather than a collective monograph therefore the present book is a collection of essays that investigate various aspects of the Bible and Christianity in their relation to culture as a broad human phenomenon The book is divided into two sections While the first section focuses on particular issues in the Bible the second addresses historical philosophical and cultural developments As Petr Pokorn was actively and importantly involved in

the initial stages of the project two essays are written by him personally The whole book then is dedicated in his honor
