

The News Twisters

by Edith Efron

This powerfully documented analysis explodes the myth of network neutrality in reporting the news. It demonstrates that coverage of the Presidential campaign of 1968 was massively slanted against Richard Nixon by all three network news departments and defines the pattern of bias in political coverage that has antagonized the right, the left, and the blacks. Includes a graphic demonstration of thirty-three ways in which news stories are slanted.

Based on a research study conducted by the author with Clytia M. Chambers for The Historical Research Foundation.
