

November 1918 The Last Act Of The Great War

Charles Emmerson

November 1918 The Last Act Of The Great War:

Peace at Last Guy Cuthbertson, 2018-01-01 A vivid original and intimate hour by hour account of Armistice Day 1918 to mark its centenary this year November 11 2018 marks the centenary of the armistice signed between the Allies and Germany ending World War I While the events of the war and its legacy are much discussed this is the first book to focus solely on the day itself examining how the people of Britain and the wider world reacted to the news of peace In this rich portrait of Armistice Day which ranges from midnight to midnight Guy Cuthbertson brings together news reports literature memoirs and letters to show how the people on the street as well as soldiers and prominent figures like D H Lawrence and Lloyd George experienced a strange singular day of great joy relief and optimism **Armistice 1918** Bullitt Lowry, 2000-08-06 The five armistices arranged in the fall of 1918 determined the course of diplomatic events for many years The armistice with Germany the most important of the five was really a peace treaty in miniature Bullitt Lowry basing his account on a close study of newly available archives in Great Britain France and the United States offers a detailed examination of the process by which what might have been only simple orders to cease fire instead became extensive diplomatic and military instructions to armies and governments He also assesses the work of the leading figures in the process as well as supporting casts of generals admirals and diplomatic advisors *Almanac of American Military History* Spencer C. Tucker, 2012-11-21 This almanac provides a comprehensive chronological overview of all American military history serving as the standard reference work of its type *Almanac of American Military History* is yet another reference work from acclaimed historian Dr Spencer C Tucker and ABC CLIO offering an unprecedented resource for a wide range of students and researchers A comprehensive four volume title this almanac traces all of American military history from the European voyages of discovery through 2011 chronicling the pivotal moments that have shaped the United States into the country it is today In addition to documenting key events this title presents biographies of more than 250 key individuals and provides information on more than 250 historically significant technologies and weapons systems A detailed glossary is included as are discussions of ranks and military awards and decorations Divided into conflict periods each chapter includes a detailed chronology reference entry sidebars statistical information primary source documents and a bibliography **World War I** Spencer C. Tucker, 2016-05-16 With its authoritative reference entries multiple introductory and perspective essays primary source documents detailed chronology and bibliography this single volume reference provides all the key information readers need to understand this monumental conflict World War I was an epic conflict that toppled centuries old empires transformed the Middle East and Russia and helped elevate the United States to prominence as a world power In essence understanding the reasons for and outcomes of the First World War provides a cornerstone for knowledge of all modern history In *World War I The Essential Reference Guide* detailed reference entries a comprehensive overview essay plus additional examinations of the causes and consequences of the conflict provide readers with the context needed to understand all aspects of World War

I Important primary source documents like the Zimmerman Telegram and Balfour Declaration are included and accompanied by explanations that supply readers with key historical perspective Biographies on major political and military leaders such as Wilhelm II Woodrow Wilson Nicholas II John Pershing and Ferdinand Foch offer insight into the people who played key roles in the conflict Entries on the key confrontations of the war many accompanied by maps showcase the strategies of both sides in their attempts to emerge victorious and the bibliography presents a wealth of options to students looking to conduct further research on World War I

The Last of the Doughboys Richard Rubin, 2018-06-01 Before the Greatest Generation there was the Forgotten Generation of World War I wonderfully engaging Kirkus Reviews starred review Richard Rubin has done something that will never be possible for anyone to do again His interviews with the last American World War I veterans who have all since died bring to vivid life a cataclysm that changed our world forever but that remains curiously forgotten here Adam Hochschild author of To End All Wars A Story of Loyalty and Rebellion 1914 1918 In 2003 eighty five years after the end of World War I Richard Rubin set out to see if he could still find and talk to someone who had actually served in the American Expeditionary Forces during that colossal conflict Ultimately he found dozens aged 101 to 113 from Cape Cod to Carson City who shared with him at the last possible moment their stories of America's Great War Nineteenth century men and women living in the twenty first century they were self reliant humble and stoic never complaining but still marveling at the immensity of the war they helped win and the complexity of the world they helped create Though America has largely forgotten their war you will never forget them or their stories A decade in the making The Last of the Doughboys is the most sweeping look at America's First World War in a generation a glorious reminder of the tremendously important role America played in the war to end all wars as well as a moving meditation on character grace aging and memory An outstanding and fascinating book By tracking down the last surviving veterans of the First World War and interviewing them with sympathy and skill Richard Rubin has produced a first rate work of reporting Ian Frazier author of Travels in Siberia I cannot remember a book about that huge and terrible war that I have enjoyed reading more in many years Michael Korda The Daily Beast

Victory 1918 Alan Warwick Palmer, 2000-12-04 Now in paperback a distinguished historian recounts the myriad tragic blunders and the unprecedented unfathomable bloodshed that was World War I in a fresh and revealing look at the war and its impact on the 20th century Maps of photos November 1918 Gordon Brook-Shepherd, 1981

Crucible Charles Emerson, 2019-10-15 The gripping story of the years that ended the Great War and launched Europe and America onto the roller coaster of the twentieth century Crucible is filled with all too human tales of exuberant dreams dark fears and the absurdities of chance In Petrograd a fire is lit The Tsar is packed off to Siberia A rancorous Russian exile returns to proclaim a workers revolution In America black soldiers who have served their country in Europe demand their rights at home An Austrian war veteran trained by the German army to give rousing speeches against the Bolshevik peril begins to rail against the Jews A solar eclipse turns a former patent clerk into a celebrity An American reporter living the high life in Paris

searches out a new literary style Lenin and Hitler Josephine Baker and Ernest Hemingway Rosa Luxemburg and Mustafa Kemal these are some of the protagonists in this dramatic panorama of a world in turmoil Revolutions and civil wars erupt across Europe A red scare hits America Women win the vote Marching tunes are syncopated into jazz The real becomes surreal Encompassing both tragedy and humor the celebrated author of 1913 brings immediacy and intimacy to this moment of deep historical transformation that molded the world we would come to inherit **British Generalship on the Western**

Front 1914-1918 Simon Robbins,2004-12-17 This book explores how British Army learnt from the pyrrhic victories of 1915 17 and developed the new tactics leadership and doctrine of combined arms to overcome the tactical stalemate hitherto

bedevilling Allied offensives to defeat the **At the Eleventh Hour** Hugh Cecil,Peter H. Liddle,1998-08-12 Following on from the highly acclaimed Facing Armageddon and Passchendaele in Perspective At the Eleventh Hour recognises that a world was ending in November 1918 and by international collaboration on the 80th Anniversary we learn through this book what it was like to experience the transition from war to peace Distinguished historians brilliantly convey a sense of immediacy as the Armistice is recreated and analysed The reader will not just acquire new areas of information he will have some of the existing knowledge which he thought was soundly held strikingly challenged in the pages of this superbly illustrated book **Changing War** Gary Sheffield,Peter Gray,2013-10-24 In 1918 the British Expeditionary Force BEF

played a critical role in defeating the German army and thus winning the First World War This Hundred Days campaign August to November 1918 was the greatest series of land victories in British military history 1918 also saw the creation of the Royal Air Force the world s first independent air service from the Royal Flying Corps and the Royal Naval Air Service Until recently British histories of the First World War have tended to concentrate on the earlier battles of 1916 and 1917 and often underplayed this vitally important period Changing War fills this significant gap in our knowledge by providing in depth examinations of key aspects of the operations of the British Army the Royal Air Force and its antecedents in the climactic year of the First World War Written by a group of established historians and emerging scholars it sheds light not only on 1918 but on the revolutionary changes in warfare that took place at that time *With Our Backs to the Wall* David

Stevenson,2013-11-18 Why did World War I end with a whimper an arrangement between two weary opponents to suspend hostilities Why did the Allies reject the option of advancing into Germany and taking Berlin Most histories of the Great War focus on the avoidability of its beginning This book focuses on Germany s inconclusive defeat and its ominous ramifications

Fragmentation in East Central Europe Klaus Richter,2020-04-02 The First World War led to a radical reshaping of Europe s political borders Nowhere was this transformation more profound than in East Central Europe where the collapse of imperial rule led to the emergence of a series of new states New borders intersected centuries old networks of commercial cultural and social exchange The new states had to face the challenges posed by territorial fragmentation and at the same time establish durable state structures within an international order that viewed them as at best weak and at worst as merely

provisional entities that would sooner or later be reintegrated into their larger neighbours territory Fragmentation in East Central Europe challenges the traditional view that the emergence of these states was the product of a radical rupture that naturally led from defunct empires to nation states Using the example of Poland and the Baltic States it retraces the roots of the interwar states of East Central Europe of their policies economic developments and of their conflicts back to the First World War At the same time it shows that these states learned to harness the dynamics caused by territorial fragmentation thus forever changing our understanding of what modern states can do

The Origins of the Second World War in Europe P. M. H. Bell, 2014-09-11 PMH Bell's famous book is a comprehensive study of the period and debates surrounding the European origins of the Second World War He approaches the subject from three different angles describing the various explanations that have been offered for the war and the historiographical debates that have arisen from them analysing the ideological economic and strategic forces at work in Europe during the 1930s and tracing the course of events from peace in 1932 via the initial outbreak of hostilities in 1939 through to the climactic German attack on the Soviet Union in 1941 which marked the descent into general conflict Written in a lucid accessible style this is an indispensable guide to the complex origins of the Second World War

Straight & ready Andrew Totten, 1989 **The 20th Century in Poetry** Michael Hulse, Simon Rae, 2013-08-06 A historical timeline of more than four hundred 20th century poems A prodigious harvest an entire universe of poetry lives here Booklist starred review This groundbreaking anthology presents in chronological order over four hundred poems written during the twentieth century The authors both published poets themselves give an overview of each period of history while notes to the poems place each one in its historical context and trace the century's poetic development Concise biographies for each poet complete the anthology By organizing the poems in chronological order readers will see poets in a new light Here A E Houseman for example rubs shoulders with T S Eliot showing that traditional forms can hold their own against the modernist orthodoxy All the major events of the twentieth century are reflected in the choice of poems within these pages Including poems by No I Coward Rudyard Kipling James Joyce D H Lawrence Robert Frost G K Chesterton Ezra Pound Philip Larkin T S Eliot Wallace Stevens Langston Hughes William Carlos Williams W H Auden e e cummings Dylan Thomas Kingsley Amis Allen Ginsberg Lawrence Ferlinghetti Frank O Hara Ted Hughes Sylvia Plath John Updike Robert Penn Warren among a host of others this richly rewarding collection captures the history of the twentieth century within one monumental volume

European Powers in the First World War Spencer Tucker, 2018-12-07 First published in 1996 The First World War was the single most important event of the twentieth century This volume concentrates on non U S aspects of the conflict Organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace Some 350 biographies provide information on the roles played in the conflict by generals admirals and civilian leaders There are also biographies of individuals who

were shaped by the war such as Charles De Gaulle Adolf Hitler Benito Mussolini and Joseph Stalin essays on each of the countries involved in the conflict new appraisals of such subjects as military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war Each entry has references for additional reading and a subject index provides easy access The volume is an excellent reference source for scholar and neophyte alike **America's Forgotten Pandemic** Alfred W. Crosby, 2003-07-21 Tracing the influenza pandemic of 1918 1919 that claimed over 25 million lives worldwide The Great War for Peace William Mulligan, 2014-05-27 The war to end all wars rings out a bitter mockery of the First World War often viewed as the seminal catastrophe of the twentieth century the crucible from which Soviet Fascist and Nazi dictatorships emerged Today's conventional wisdom is that the Great War attuned the world to large scale slaughter that post war efforts directed by the Treaty at Versailles were botched that unbridled new nationalisms made the Second World War inevitable This provocative book refutes such interpretations arguing instead that the first two decades of the twentieth century and the First World War in particular played an essential part in the construction of a peaceful new order on a global scale Historian William Mulligan takes an entirely fresh look at the aspirations of statesmen soldiers intellectuals and civilians who participated in the war and at the new ideas about peace that were forged While the hope for ultimate peace may have legitimized and even intensified the violence of the war it also broadened conventional ideas about international politics and led to the emergence of such institutions as the League of Nations and the International Labour Organization The experience of the First World War reinforced humanitarian concerns in political life and focused attention on building a better and more peaceful world order Mulligan shows Such issues resonate still in the political and diplomatic debates of today *The Collapse of the Weimar Republic* David Abraham, 2025-08-14 What enables a liberal democracy to survive in a capitalist society How did Weimar Germany one of the first modern welfare states balance the interests of working people and economic elites What leads elites to undermine democracy and what happens when they do Theoretically sophisticated within a Marxist tradition and deeply researched in both public and private archives The Collapse of the Weimar Republic analyzes the complex political economy of inter war Germany and examines why and how Germany's economic and political leaders turned away from social democracy and international integration instead turning to the Nazi party to preserve their dominance

Thank you for reading **November 1918 The Last Act Of The Great War**. Maybe you have knowledge that, people have search numerous times for their chosen novels like this November 1918 The Last Act Of The Great War, but end up in harmful downloads.
