**Bloomsbury Guide to English Literature** Marion Wynne-Davies, 1990 The new authority on English literature **Prentice Hall Guide to English Literature**, *Joanna Baillie, Romantic Dramatist* Thomas C. Crochunis, 2004-02-24 This superb collection of new essays offers a unique insight into the work of a leading women dramatist of the Romantic era Contributors offer contextual material for those new to Baillie s work examinations of the relationships between her plays and the philosophical and scientific writing of the era discussion of Baillie s theatrical methods extended interpretations of individual plays Ending years of neglect of Baillie s crucial work this volume is essential reading for those working on Romanticism women s writing or drama of the late eighteenth and early nineteenth centuries *Exploring the Frontiers of Fiction: Humour, Modernism and Narrative Form in Virginia Woolf's "Jacob's Room" (1922)* Lindy van Rooyen, 2012-02-15

Inhaltsangabe Introduction Virginia Woolf is not a popular writer Despite a fierce pride in her work it was never her ambition to be one Most people have heard of her work vaguely associating it with the second wave of the women s liberation movement in the 1970s and the type of fiction that is commonly called difficult and few people unfamiliar with her work would associate her reputation with humour These are some of the first impressions of a writer who is now hailed by scholars of English literature as one of the icons of modernism To speak of first impressions of Virginia Woolf s work is not as fatuous as it may seem After all Woolf s fiction was initially founded on impressions and I hope to show that one of the distinctive characteristics of her oeuvre compared to other modernists like T S Eliot W B Yeats or James Joyce is the intensely visual nature of her art Furthermore she is often associated with a movement of modern painting in the early twentieth century known as Post Impressionism including painters like C zanne Picasso and Georges Braque Finally laughter in all its registers whether merry cruel or parodic runs like a golden thread throughout the texture of her essays short stories and novels as satire does more generally throughout modernism I have chosen Virginia Woolf s third novel Jacob s Room 1922 as the focus of my study of Woolf s modernism It is not her best known novel as most critical acclaim is reserved for Mrs Dalloway 1925 or To the Lighthouse 1927 She started writing fiction in 1915 just as the First World War started and for four reasons I believe that Jacob s Room is the perfect starting point from which to survey Woolf s particular contribution to the Modernist Movement Firstly the social catastrophe associated with the First World War is widely considered to be the decisive historic event in the collective consciousness of early twentieth century Europe its effects reverberating throughout the literary and visual arts in the 1920s Secondly Jacob s Room was published in a year which falls nicely within the boundaries of the period of High Modernism which culminated in the decades between 1910 and 1930 Indeed the year of 1922 marks the publication of two other seminal modernist works T S Eliot s Wasteland and James Joyce s Ulysses Thirdly Jacob s Room is commonly regarded as Virginia Woolf s first experimental novel in which she in her own phrase *Acts of Narrative* Carol Jacobs, Henry Sussman, 2003 This outstanding collection brings together essays that reflect on the nature of narrative literary

criticism and history from a variety of theoretical and disciplinary perspectives ranging from deconstruction psychoanalysis and trauma theory to narratology technology economics and aesthetics Acts of Narrative includes responses from renowned scholars across a wide range of disciplines philosopher Jacques Derrida the literary critic J Hillis Miller W J T Mitchell well known for his reflections on the visual world and Cathy Caruth one of the founders of the field of trauma theory These essays are brilliant in their readings of other texts but are also striking in the manner in which each becomes itself a narrative performance Moreover what starts out as an exercise in theorizing and reading moves more often than not into a meditation on social and political issues crucial for our own sense of ourselves

Mapping the Modern Mind: Virginia Woolf's Parodic Approach to the Art of Fiction in "Jacob's Room" Lindy van Rooyen,2012-05 In this study the author conducts a close reading of Virginia Woolf s first experimental novel Jacob s Room 1922 Her reading is based on the fundamental premise that the novel is an exploration of fictional form rather than an exposition of any preconceived idea Jacob s Room is an essentially modernist text and is characterised by extensive genre mixing typical of the art of fiction in the early 20th century Throughout her study the author analyses the extent to which the novel transgress the boundaries of the novelistic genre She explores the generic interface between the novel and those genres which are deemed to be innate to Virginia Woolf s sensibility i e the journalistic essay biography and impressionist painting The premise of this study leads the author to read the novel on two levels of significance On the narrative surface level of the novel Woolf constructs the tragic life of a promising young Englishman Jacob Flanders who dies in the First World War Simultaneously on the metafictional level of significance Woolf through her garrulous narrator mocks and evaluates the actions of her characters experimenting with various points of view in an attempt to define the character of her protagonist Jacob s room is thus conceived as a mental space in which a modern writer s mind is mapped The central aesthetic question which is debated in this room or forum relates to the essential art of modern fiction in general and the

efficiency of characterisation in fiction in particular It is argued that Virginia Woolf probes into the epistemic question of the essence of modern man and in an attempt to capture the essence of her protagonist speculates on the corresponding literary question how and to what extent the soul of man can to be represented in fiction The author uses this generic approach to the novel as a broad structuring principle for her study of *Jacob s Room* After discussing the socio political context of modernism in the early 20th century including the impact of the First World War on modernist writing she focuses her study on those aspects of Woolf s fiction which are deemed fundamental to the narrative strategy in *Jacob s Room* i e the role and nature of Woolf s humour within the context of modernism the nodes or clusters of metaphors and symbols recurring in the text the role of the narrator as toastmaster of the debate on character and fiction in *Jacob s Room* the extent to which the novel parodies the new biography of the early twentieth century and the extent to which Woolf transvaluates the tools of impressionist painting into modernist fiction
