 the right to effective behavioral treatment The mandate of this task force was to identify and delineate specific rights as they  
 apply to behavioral treatment Impetus for this project came in part from the controversy over the use of aversive procedures  
 which some held had no place in treatment and with evolution of the treatment process were no longer necessary In con trast  
 others cited evidence that programs based on positive reinforcement alone were sometimes not effective in treating severe  
 problems These re searchers and practitioners desired to ensure that clients and guardians be permitted to choose  
 treatments that included punishment procedures when assessments warranted their use The first editor approached Ogden  
 Lindsley president of ABA about establishing a task force to examine this isuse The ABA council decided to broaden the  
 mandate to include an examination of clients right to effective behavioral treatment in general The first editor was asked to  
 chair the task force and appointed Saul Axelrod Jon S Bailey Judith E Favell Richard M Foxx and O Ivar Lovaas as members

 knowledge of teacher education broadly by providing an in depth look at the most up to date research on special education

 prepare and sustain that workforce Ultimately by illuminating the particularities of special education teacher preparation  
 this landmark handbook addresses the state of current research in the field and sets an agenda for future scholarship
