future parents and play education of children under four years of age. O.Nashchubskiy, Imagine evening logs are smoldering in the fireplace warming such a cozy living room with their warmth candles are burning comfortably on the mantelpiece and table Family and friends are gathered around the table and a board game is laid out on the table Everyone is passionate laughing arguing rejoicing in victories and experiencing defeats Time flies by Board games are not just entertainment This is a whole culture that unites people of different ages By playing board games we not only have fun with our beloved children but also develop their skills teach children to communicate and cooperate while developing socially The game develops thinking Many board games require players to use logical thinking strategic planning and decision making skills By playing such games children develop their intelligence learn to think outside the box and also find non standard solutions that are not practiced in everyday life for their development The game teaches you to communicate with other children and adults Board games are an incredible way to learn how to communicate with other people By playing together children learn to communicate with each other negotiate and find compromises Children also learn to express their emotions and feelings during the game game circumstances winning and losing The game strengthens family relationships Board games are a great way to spend time with your family By playing together we strengthen family relationships learn to trust

each other and support each other The game opens up new worlds conceived by the game Many board games are based on different stories and worlds By playing such games children are immersed in these game worlds learn new stories and other plot scenes thanks to this children expand their horizons Before you start playing you should always think about which board games to choose When choosing board games for children it is important to consider their age and interests For younger children simple games with bright illustrations and simple rules are suitable For older children you can choose more complex games that require players to think logically and strategically but for children under four years old starting with complex games is not recommended The child should easily understand the rules of the game Here are some tips for choosing board games for children Choose games with rules that children can understand Here it is important to take into account the age and knowledge of the child Even children under four years old can have different knowledge and levels of personal development Choose games that will interest children After all everyone has their own interests some games may not be interesting for children although for other children this game itself may be their favorite It is incredibly important to choose games that will support children's development especially for younger children And most importantly board games are a great way to spend time with children teach them something new and strengthen family relationships
