Memories of Jesus Halvor Moxnes,2021-02-09 This is a different book about Jesus It does not study the Gospels as sources for the historical Jesus but reads them as memories about Jesus each Gospel with its characteristic picture of Jesus The book traces the transmission and growth of memories of Jesus in various contexts and in different historical periods It also introduces readers to the little known counterstories to Christian memories in Jewish sources as well as to the rival stories in the Quran A central perspective in the book is the troubling fact that for centuries the memories of Jesus contributed to hate speech against the Jews in Europe The passion narratives in the Gospels put the blame for the death of Jesus upon Jewish leaders and these stories were transmitted across the centuries as historical truth Memories of Jesus have served as identity markers not only for churches but also for societies and countries The last chapters focus on how the memories of Jesus have played an important role in supporting the identity of oppressed and marginalized groups in particular in the contemporary United States *Pre-Raphaelites* Christopher Newall,Ann Bukantas,2016 Featuring more than 100 works of art from celebrated Pre Raphaelite artists this fascinating new research into Pre Raphaelite painters and collectors positions Liverpool as the Victorian art capital of the north **Pre-Raphaelitism and the Pre-Raphaelite Brotherhood** William Holman Hunt,1905 **CLASSICAL LITERATURE AND HISTORY OF ENGLISH LITERATURE (English Book)** Prof. (Dr.) Sangeeta Arora ,Dr. Prabhat Kumar Dixit,Dr. Ashok Kumar ,2023-07-01 Read e Book of CLASSICAL LITERATURE AND HISTORY OF ENGLISH LITERATURE English Book for B A 5th Semester for all UP State Universities Common Minimum Syllabus as per NEP The Japanese Discovery of Victorian Britain Andrew Cobbing,2013-11-05 The investigations undertaken in the pursuit of knowledge by the first overseas Japanese travellers during the 1860s and 70s have left a unique record of life in the then unknown west Leaving behind a homeland culturally isolated for more than 200 years these samurai travellers were especially fascinated by the extent of British political and commercial influence they observed during their travels and therefore paid particularly close attention to the Victorian world and recorded all they saw in minute detail Their diaries and travelogues comprise the single largest body of material on

Victorian society to be recorded in any non European language This book examines the nature of these travellers experiences and their perceptions of Victorian Britain A deeper understanding of this rich source material is important because although entirely unknown to British readers the documents reveal one of the most spectacular culture shocks ever recorded in World History They are also important because the images of Victorian and other western societies that they portrayed to the Japanese reading public in the late nineteenth century still underpin Japanese understanding of the outside world more than a hundred years later

Emblematic Strategies in Pre-Raphaelite Literature Heather McAlpine,2019-10-14 In this book

Heather McAlpine argues that emblematic strategies play a more central role in Pre Raphaelite poetics than has been acknowledged and that reading Pre Raphaelite works with an awareness of these strategies permits a new understanding of the movement's engagements with ontology religion representation and politics The emblem is a discursive practice that promises to stabilize language in the face of doubt making it especially interesting as a site of conflicting responses to Victorian crises of representation Through analyses of works by the Pre Raphaelite Brotherhood Christina Rossetti Dante Gabriel Rossetti Gerard Manley Hopkins A C Swinburne and William Morris Emblematic Strategies examines the Pre Raphaelite movement's common goal of conveying truth while highlighting differences in its adherents' approaches to that task

Re-framing the Pre-Raphaelites Ellen Harding, 1996 Re-framing the Pre Raphaelites is a collection of essays by leading scholars in the field of Pre Raphaelite studies Some essays are case studies of well-known visual and literary works by founder members of the Pre Raphaelite Brotherhood others explore meanings generated by Pre Raphaelite works on specific themes and define the cultural work done by them There are essays on John Everett Millais William Holman Hunt Dante

Gabriel Rossetti Ford Madox Brown Joanna Boyce Edward Burne Jones and other artists associated with the Pre Raphaelites Among the subjects discussed are gender class ethnicity national and regional identity patronage the position of the professional woman artist the nude images of women and the Victorian cult of death Some of the authors treat their chosen subject in a mainly art historical context with a focus on new scholarly research A number of the essays in contrast are informed by post structuralist feminist and psychoanalytic theories These theoretical approaches lead the reader to consider both familiar and lesser known works in new and often controversial frameworks and should provoke further theoretical and historical debate in this field Several of the essays are based on papers given at the Pre Raphaelite session of the 1994 Conference of the Association of Art Historians

Discovery of El Greco Eric Storm,2016-05-24

Originally published in Dutch and translated to Spanish for the fourth centenary celebration of the death of El Greco in 2014 this book is a comprehensive study of the rediscovery of El Greco seen as one of the most important events of its kind in art history The Nationalization of Culture versus the Rise of Modern Art analyses how changes in artistic taste in the second half of the nineteenth century caused a profound revision of the place of El Greco in the artistic canon As a result El Greco was transformed from an extravagant outsider and a secondary painter into the founder of the Spanish School and one of the principle predecessors of modern art increasingly related to that of the Impressionists due primarily to the German critic Julius Meier Graefe s influential History of Modern Art 1914 This shift in artistic preference has been attributed to the rise of modern art but Eric Storm a cultural historian shows that in the case of El Greco nationalist motives were even more important This study examines the work of painters art critics writers scholars and philosophers from France Germany and Spain and the role of exhibitions auctions monuments and commemorations Paintings and associated anecdotes are discussed and historical debates such as El Greco s supposed astigmatism are addressed in a highly readable and engaging style This book will be of interest to both specialists and the interested art public
