

The image features four small green seedlings with two leaves each, growing out of stacks of silver coins. The stacks of coins increase in height from left to right, suggesting a progression or growth. The seedlings are planted in dark brown soil. The background is a soft-focus green, likely foliage. A white line graphic runs diagonally across the image, separating the seedlings from the text on the right. The text is in a white, italicized, sans-serif font.

Prescription for Prosperity National Issues Forums,1992-09-01      **Prescription for Prosperity** Keith Melville,Public Agenda Foundation,1992-07 This brief book can be used as a supplement on a course in economics social issues or public policy It discusses the pros and cons of actions that could be taken in confronting a major public issue such as the economy providing an engaging and well illustrated overview that highlights three different courses of action as well as arguments for and against each position Thus it aims to provide a lively and even handed introduction to the issues and invites debate and critical thinking on the part of the student      *Prescription for Prosperity* Keith Melville,National Issues Forums

Institute,1992 Designed to raise questions among the viewing audience about differing ways of keeping the economy strong  
**Moral Conflict** W. Barnett Pearce,Stephen W. Littlejohn,1997-03-20 Moral Conflict the subject of this book is passionate and difficult to resolve Responses that are normally effective such as explaining persuading and compromising can make matters worse and drive people further apart in such conflicts Moral conflicts occur when incommensurate social realities come to clash Disputes about abortion religion in politics and education legal rights for homosexuals and environmental politics are issues in which well intentioned parties have created polarized and diverse patterns of communication The most virtuous actions of each side not only fail but widen the schism Such conflicts require us to find forms of communication that go beyond our normal ways of dealing with disagreement In an original synthesis of communication theory and their own research W Barnett Pearce and Stephen W Littlejohn describe a dialectical tension between the expression and suppression of conflict that can be transcended in ways that lead to personal growth and productive patterns of social action In Moral Conflict several projects are described as practical examples of these new ways of working through difficult struggles
