ambivalent endings violence the sometimes dubious value of awards and honor lists the graphic novel and the difficulties of the genre's recent overwhelming success A section titled Inside ALA looks at the author's many years of service to that organization with among other pieces a firsthand look at the Best Books committee at work and a report of her attempt to unite booksellers and librarians in common cause Many of these selections show the idiosyncratic wit and passion that have made Campbell's column a favorite with Horn Book readers an exploration of the meaning of the glut of YA novels with death as a theme or character an indignant denunciation of the fictional abuse of animals a snarky analysis of chick lit and a technical review from the belly dancing critic of a YA novel featuring that ancient art On a more serious note Campbell pleads for what she calls Godsearch in books for teens and pays tribute to her late friend Robert Cormier Without question the essays in Campbell's Scoop provide readers with the unique insights of an advocate who is passionate about young adult literature and its future

Immigration Narratives in Young Adult Literature Joanne Brown, 2010-12-02 Although the United States prides itself as a nation of diversity the country that boasts of its immigrant past also wrestles with much of its immigrant present While conflicting attitudes about immigration are debated newcomers both legal and otherwise continue to arrive on American soil And books about the immigrant experience aimed at both adults and youth are published with a fair amount of frequency In *Immigration Narrative in Young Adult Literature: Crossing Borders* Joanne Brown explores the experiences of adolescents as portrayed in young adult novels Her study features protagonists from a wide variety of religious and ethnic backgrounds in order to provide a complete discussion of the immigration experience of young adults In this volume Brown analyzes young adult novels that portray various aspects of the immigrant experience journeys to the shores of the United States the difficulties of adjustment and the tensions that develop within family units as a result of immigration Brown also examines how ethnicity religion and country of origin affect the adolescent characters' adjustment to their new country as well as the process of moving from social outsiders to accepted citizens This thoroughly researched book includes theories of adolescent development and perspectives on immigration itself applied to the literary analyses It also offers a framework for anticipating the success of young immigrants and relates this analysis to the novels Brown discusses With an appendix of additional novels for further reading this book will be a useful resource for librarians and teachers of adolescent literature as well as for students both those born in the United States and those who are immigrants themselves

Clair,2002 Female empowerment especially among girls is one of the most significant issues to come out of the 90 s and one that will continue to play a significant role in the new millennium But how do we define empowerment And more importantly how do we identify its characteristics within literature With problems like teenage eating disorders and pregnancy still very much at the core of American society it is no surprise that a book as important as Declarations of Independence is the latest addition to Scarecrow Press s Studies in Young Adult Literature Authors Brown and St Clair use their collective expertise to uncover and trace the development of the young female protagonist from the role of submissive fairy tale maiden to the spunkier more independent girls who now appear with increasing frequency in young adult literature This next generation of heroines is the model with which today s readers can readily identify and who the authors believe become agents of social change for young women Through careful research that draws on recent scholarship about female adolescent development situates this shift to stronger female protagonists within a larger cultural context The empowered girls of this title are defined through close reading of a variety of stories and genres in which they appear historical and multicultural fiction social realism romance and adventure fantasy and memoir with emphasis on books published after 1990 The result is a collection of essays on literature about adolescent girls who have real feelings passions and sometimes rebellious attitudes and who act upon those feelings passions and attitudes to take control of their lives unlike most of their predecessors whose fulfillment lay mainly in achieving beauty and suitors With an annotated list of titles for suggested reading following each chapter Declarations of Independence is the ideal resource for middle and high school teachers for school and public
