Britain's Failure to Enter the European Community, 1961-63 George Wilkes, 2013-05-13 The essays collected here outline a number of factors which made the EC too young to be able to assimilate Britain's important interests and the British over optimistic in their approach to negotiations with the Community The role of conflict over Western strategy and European political union in the breakdown of the negotiations is reassessed and the negotiations over agriculture and the Commonwealth are revealed in an entirely new light

All the Way with JFK? Peter Busch, 2003 In *All the Way with JFK* Peter Busch shatters many a myth about Anglo American relations and the Vietnam War Demolishing the scholarly consensus that Britain was in constant pursuit of peace in Indochina he shows that the British government ruled out a negotiated settlement advised John F Kennedy to conceal the American military build up and helped to put the blame for the escalating conflict squarely on the communist regime in Hanoi Simultaneously Britain increased its own involvement in the conflict by sending Robert Thompson as the head of a team of counter insurgency experts to South Vietnam The detailed analysis of the

British Advisory Mission disproves the oft repeated view that Thompson was the brain behind the strategic hamlet programme in which Kennedy and his administration put so much faith. However the British experts were convinced of the programme's eventual success and Thompson told Kennedy in 1963 that the South Vietnamese were winning the war. Drawing on newly released documents from archives in Britain the United States Canada Australia New Zealand and East Germany the compelling story of Britain's involvement in Vietnam is set in the context of the Cold War in South East Asia. While Britain was en route to getting more deeply involved in Vietnam Indonesia's confrontation policy re-focused London's attention to the Malayan area in 1963 Britain wanted to demonstrate to the world and particularly to President Kennedy the Australians and the New Zealanders that it was still willing and able to safeguard Commonwealth interests in South East Asia. Indeed Whitehall's unequivocal defence commitment to Malaysia coupled with the British military build up in the area was completely consistent with Britain's Vietnam policy. All the Way with JFK proves that the British could not think of a viable alternative to Kennedy's Vietnam policy that might have helped the US avoid the quagmire. Far from playing the role of peacemaker Britain supported Kennedy's policy of seeking a decisive military victory in Vietnam.
