**Harry S. Truman and the Bomb : a Documentary History** Robert H. Ferrell,1996 Discusses the events and decisions that led to the bombing of Hiroshima in 1945 particularly Truman s role as decision maker and initiator of the act

**Prompt and Utter Destruction (EasyRead Super Large 18pt Edition) , Prompt and Utter Destruction J. Samuel Walker,2016 President Truman and the Atomic Bomb** Michael O'Neal,1990 Discusses the events and decisions that led to the bombing of Hiroshima in 1945 particularly Truman s role as decision maker and initiator of the act

Prompt and Utter Destruction, Third Edition J. Samuel Walker,2016-06-27 In this concise account of why America used atomic bombs against Japan in 1945 J Samuel Walker analyzes the reasons behind President Truman s most controversial decision Delineating what was known and not known by American leaders at the time Walker evaluates the options available for ending the war with Japan In this new edition Walker incorporates a decade of new research mostly from Japanese archives only recently made available that provides fresh insight on the strategic considerations that led to dropping the bomb From the debate about whether to invade or continue the conventional bombing of Japan to Tokyo s agonizing deliberations over surrender and the effects of both low and high level radiation exposure Walker continues to shed light on one of the most earthshaking moments in history Rising above an often polemical debate the third edition presents an accessible synthesis of previous work and new research to help make sense of the events that ushered in the atomic age

*President Truman Decides to Use the Atom Bomb* ,2017 The creation of atomic bomb has greatly influenced interactions between nations in today s world But how did this come to be President Harry S Truman ordered the use of the first atomic bombs in history during World War II The decision to use such a powerful weapon must have be difficult however This thesis analyzes President Truman s choice to use the atom bomb which forever changed the world as we know it *President Truman and the Atomic Bomb* Michael O'Neal,1990 Discusses the events and decisions that led to the bombing of Hiroshima in 1945 particularly Truman s role as decision maker and initiator of the act **Truman Speaks** Harry S. Truman,1960

Lectures and discussions held at Columbia University on April 27 28 and 29 1959 **Truman and the Bomb** D. M. Giangreco,2023-08 Based on previously unpublished research noted historian D M Giangreco provides a concise account of President Harry S Truman s decision to drop the atom bomb during World War II focusing on the question What did Truman know and when did he know it Presidential Statement 1945 August 6, on the Use of the Atomic Bomb at Hiroshima ,1945 Truman confirms the use of the atomic bomb on the important Japanese army base at Hiroshima Truman discusses the power of the bomb describing it as a harnessing of the basic power of the universe which the Germans also struggled to develop in 1942 in a battle of the laboratories Hailing the creation and production of the bomb as the greatest achievement of organized science in history Truman cites the cooperation and knowledge sharing between Great Britain and the United States Truman states his intention of destroying the Japanese capacity to make war observing that the leaders were issued an ultimatum on

July 26 which they rejected If they do not accept the terms now he promises a rain of ruin from the air For now details about the production of the bomb must remain secret but Truman promises to establish a commission in Congress to discuss the role atomic power can play in the maintenance of world peace Truman completed his early education in Independence Missouri and returned there to write his memoirs after serving his term in office At the time this letter was written Truman had been elected President on his own ticket after completing the term of Franklin Delano Roosevelt who died in office In addition to serving as President and Vice President Truman also served in World War I worked as a farmer a haberdasher and a judge before joining the Senate where he investigated military expenditure One of his most controversial decisions while in office was the dropping of the atomic bomb on two Japanese cities *President Truman's "decision" to Drop the First Atomic Bomb* Daniel Snowman,1963 **Prompt and Utter Destruction** J Samuel Walker,2009-06-24 In this concise account of why America used atomic bombs against Japan in 1945 J Samuel Walker analyzes the reasons behind President Truman s most controversial decision Delineating what was known and not known by American leaders at the time Walker evaluates the roles of U S Soviet relations and of American domestic politics In this new edition Walker takes into account recent scholarship on the topic including new information on the Japanese decision to surrender He has also revised the book to place more emphasis on the effect of the Soviet invasion of Manchuria in convincing the emperor and his advisers to quit the war Rising above an often polemical debate Walker presents an accessible synthesis of previous work and an important original contribution to our understanding of the events that ushered in the atomic age J Samuel Walker historian of the U S Nuclear Regulatory Commission has published six other books on the history of American foreign policy and the history of nuclear energy Strategic Decision Making Trevor A. Wentlandt,Air University (U.S.). Air Command and Staff College,2008 President Harry S Truman s decision to drop the atomic bombs on the Japanese home islands in 1945 was a continuation of President Franklin D Roosevelt s atomic legacy With Roosevelt s untimely death an unprepared Truman was thrust into the presidency He had neither the executive political background nor necessary mentoring from President Roosevelt to rely on Instead in his moment of crisis Truman deliberately sought out Roosevelt s domestic foreign and war legacy In order to piece together Roosevelt s legacy Truman turned to Roosevelt s advisors and the fallen president s written documents Then without considering the ramifications Truman implemented Roosevelt s legacy Truman followed a similar pattern in his desire to implement Roosevelt s atomic legacy As with the diplomatic and war efforts prior to becoming President Truman had little if any knowledge of US efforts to build an atomic weapon Thus Roosevelt s atomic advisors played a key role in defining Roosevelt s atomic legacy and implementing that legacy For his part Truman failed to consider the consequences of implementing this portion of Roosevelt s legacy Instead of questioning the efficacy of Roosevelt s atomic legacy Truman chose the path of noninterference He accepted Roosevelt s atomic legacy at face value and directed the employment of atomic weapons against city sized targets Only after receiving the reports describing the destruction of

Hiroshima and Nagasaki to include the number of civilian casualties did Truman truly consider the cost of dropping the atomic bombs His initial response to the reports was to remove the atomic option from future war plans However shortly thereafter Roosevelt s atomic legacy compelled Truman to once again consider employing atomic weapons against Japan Fortunately another bomb was not ready for employment Abstract      **Map Room Messages of President Truman**

**(1945-1946)** Paul Kesaris,1980      **The Decision to Use the Atomic Bomb** Gar Alperovitz,2010-12-29 With a new preface by the author Controversial in nature this book demonstrates that the United States did not need to use the atomic bomb against Japan Alperovitz criticizes one of the most hotly debated precursory events to the Cold War an event that was largely responsible for the evolution of post World War II American politics and culture      *President Truman's Message to Congress on the Atomic Bomb* , The Pearl Harbor Working Group presents the text of a statement by U S President Harry S Truman 1884 1972 to the U S Congress on the atomic bomb The statement was published in the October 3 1945 issue of the New York Times Truman discusses the importance of the use of the atomic bomb against Japan at the end of World War II

**From Roosevelt to Truman** Wilson D. Miscamble,2007 On April 12 1945 Franklin Roosevelt died and Harry Truman took his place in the White House Historians have been arguing ever since about the implications of this transition for American foreign policy in general and relations with the Soviet Union in particular Was there essential continuity in policy or did Truman s arrival in the Oval Office prompt a sharp reversal away from the approach of his illustrious predecessor This study explores this controversial issue and in the process casts important light on the outbreak of the Cold War From Roosevelt to Truman investigates Truman s foreign policy background and examines the legacy that FDR bequeathed to him After Potsdam and the American use of the atomic bomb both of which occurred under Truman s presidency the US floundered between collaboration and confrontation with the Soviets which represents a turning point in the transformation of American foreign policy This work reveals that the real departure in American policy came only after the Truman administration had exhausted the legitimate possibilities of the Rooseveltian approach of collaboration with the Soviet Union
